

This certification form must be completed by a "Certified" Grease Waste Hauler or Plumber.

GREASE INTERCEPTOR CERTIFICATION (Form A)

City of Brentwood Water & Sewer Department

Every food service establishment in the City of Brentwood must have their grease interceptor <u>certified annually</u>, as required by their FOG <u>permit</u>, to verify that all components of the grease control equipment are present and in good working condition. Furthermore, the inspection will identify any structural problems with the grease interceptor.

Facility Name:	Phon	Phone #:		
Address:	City:,	ΓN. Zip Code		
		PASS	FAIL*	
1. Interceptor completely emptied and cleaned before inspection?				
2. There is access to all interceptor chambers for cleaning and inspections?				
B. Influent (inlet) T is attached and extend	ls downward at least 2/3 depth of tank?			
Effluent (outlet) T is attached and exter	nds downward to within 12" of tank both	tom? 🗆		
 Effluent (outlet) T is made of non-colla bend (i.e. minimum- schedule 40 PVC, or grease to escape around edges? 		ils □		
5. Interceptor tank does <u>Not</u> have visible holes or leaks?				
7. Mid-wall baffle(s) is secure and operational?				
8. Interceptor maintaining structural integrity?				
0. No Sewer clean-out covers missing or damaged?
