December 18, 2017

The Honorable Mayor, City Commissioners  
and Citizens of the City of Brentwood, Tennessee:

The Comprehensive Annual Financial Report of the City of Brentwood, Tennessee (the “City” or “City of Brentwood”) for the fiscal year ending June 30, 2017 is hereby submitted as required by state statutes. These statutes require that all general-purpose local governments publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Brentwood for the fiscal year ended June 30, 2017.

This report consists of management’s representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the government’s assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City’s financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City’s comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City’s financial statements have been audited by Crosslin, PLLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Brentwood for the fiscal year ended June 30, 2017, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Brentwood’s financial statements for the fiscal year ended June 30, 2017, are fairly presented in conformity with GAAP. The independent auditor’s report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Brentwood's MD&A can be found immediately following the report of the independent auditors.

## **Profile of the Government**

The City of Brentwood is located in middle Tennessee in the northern part of Williamson County, adjacent to the southern border of Metropolitan Nashville-Davidson County. Since the mid-1990's, Middle Tennessee and specifically Williamson County has been the top growth area of the state, and one of the top growth areas in the country. The City of Brentwood currently occupies a land area of 41.3 square miles and has a resident population according to the 2015 special census of 40,401. The City of Brentwood is empowered to levy a property tax on both real and personal properties located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation into the officially designated urban growth area, subject to property owner request or a successful referendum.

The City was incorporated on May 13, 1969 pursuant to the uniform City Manager-Commission Charter, Title 6, Chapter 18, *Tennessee Code Annotated* as supplemented and amended. The governing body of the City is the Board of Commissioners which consists of seven (7) members who serve four-year terms of office. Non-partisan elections for Commissioners are held on a staggered basis in early May every other odd year on the calendar. Commissioners are elected at-large, rather than by district. Following each regular biennial City election, the Commission elects two of its members to serve for a two-year period as Mayor and Vice Mayor, respectively. The Mayor is the presiding officer of the Commission. The Commission is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and appointing a City Manager, who is chief executive officer of the City. The City Manager is responsible for carrying out the policies and ordinances of the commission, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments. The City provides a wide range of services characteristic of similar jurisdictions in the State, including public safety (police, fire and rescue, and emergency communications), street maintenance, parks, library, public improvements, planning, codes enforcement and general administrative services. The City also provides water distribution and sewer collection services through the Water and Sewer Fund, a business-type activities fund that has been included as an integral part of the City of Brentwood's financial statements. Electric power is provided by the Nashville Electric Service (NES) and the Middle Tennessee Electric Cooperative. Piedmont Gas Company and Atmos Energy Corporation provide natural gas service in the City.

The annual budget serves as the foundation for the City of Brentwood's financial planning and control. The budget preparation process begins in December when City departments begin preparation of six-year Capital Improvements Program requests. During January, the staff initiates the review and evaluation of each request in light of available revenues and in accordance with the City's overall goals and objectives. In early March, the City Manager's Office compiles a draft six-year Capital Improvements Plan. After initial review of the draft capital program budget with the City Commission in late March, the program is finalized and submitted to the City Commission for formal consideration beginning in May. The program, as may be modified by the City Commission during the formal review, is adopted by resolution in June.

In early January, City departments begin assessing resource needs for the coming year relative to capital equipment, including fleet; maintenance requirements; technology; and, proposed new or expanded work programs. By late January, a work session is held with the City Commission to review initial revenue projections and receive initial policy guidance on appropriate service levels and personnel policies. Budget requests and supporting documentation are then prepared by individual departments and submitted in February for the Finance Department and the City Manager's review.

During February, the Finance Department staff reviews initial budget submissions and prepares information for the departmental budget review sessions with the City Manager. Generally, the last half of February is set aside for the City Manager's budget review sessions with department heads. Departmental objectives, measures of performance and operating budgets are refined for consolidation in the Proposed Budget document during the month of April. Expenditure and revenue projections for the current fiscal year and estimates for the proposed fiscal year and thereafter are updated with the latest available data. Final adjustments are then made to routine operating expenditures and new and expanded programs for inclusion in the Proposed Budget.

The City Manager's proposed operating budget for the upcoming fiscal year is presented to the City Commission by early May for initial review. A budget work session is held with the City Commission by mid-May to review the budget and proposed nonroutine work plan. This session provides the opportunity for the City Commission to ask questions about the proposed budget and to request additional information or modifications as needed.

After the budget work session, three public hearings are held on the Proposed Budget prior to final reading of the Appropriations and Tax Levy Ordinances. The hearings provide formal citizen input to the City Commission on decisions and issues related to the Budget. The first reading of the Appropriations and Tax Levy Ordinances is typically held at the second regular Board meeting in May. The ordinances are subject to formal consideration and amendments as deemed necessary and adoption on first reading. With the late-June approval on second and final readings of the Ordinances, the Commission officially adopts the Budget for the new fiscal year beginning July 1, and sets the tax rate for the upcoming year.

Amendments may be made to the original appropriations ordinance at any time during a current fiscal year. Except for emergency expenditures, however, increased appropriations may be made only after the City Manager has certified in writing that sufficient unappropriated revenue will be available to cover the additional expenditures.

Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, this comparison begins on page 25. The special revenue funds and debt service fund comparison begin on pages 82 and 85, respectively.

### **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Brentwood operates.

**Local economy.** The local economy in Brentwood and the Nashville/Middle Tennessee area as a whole continues to be very strong compared to many communities and regions across the USA. Through the first quarter of 2017, Williamson County was third in the nation for year over year job growth rate. The most recently available statistics for June 2017 indicates a 2.2 percent unemployment rate for Brentwood, down from 4.2 percent a year ago. This compares to the Williamson County rate of 3.2 percent, the statewide rate of 3.6 percent, and national jobless rate 4.4 percent.

The City's official population has steadily increased from 4,099 in 1970; to 9,433 in 1980, to 16,392 in 1990, to 23,445 in 2000, to 37,060 in 2010, and to 40,401 as a result of special census completed in spring of 2015. The census figures reflect a strong but manageable rate of growth (roughly 5.3% annually) from 1970 to 2015. On average, about 894 new residents moved into the City and 297 new homes were constructed annually for the past 18 years.

The strength of the Brentwood economy is reflected in the growth in the tax base. The total valuation for new building related permits issued during the 2016 - 2017 fiscal year was \$207,054,232 with 949 permits being issued. In fiscal year 2017, Brentwood had a total assessed value of taxable property of \$3,218,794,102 following the 2016 county-wide reappraisal, which ranks among the highest of any city in the State of Tennessee regardless of size and population.

The Brentwood area has one of the largest concentrations of suburban office space in the Nashville Metropolitan area with 6.4 million square feet of rentable office space. Over 20,000 people are employed in the office complexes in Brentwood. The latest market survey as of June 30, 2017 revealed a vacancy rate for office space of 10.6% in the Brentwood area. This increase in the vacancy rate is primarily due to construction of spec office buildings in the portion of Nashville/Davidson County that is included in the Brentwood office market study area.

Many companies locate their national or regional corporate headquarters or offices in Brentwood. The diversity of employment opportunities in the community is significant with the City not dependent on a single, large employer. As employers, they represent diverse economic sectors that include health, retail, telecommunications and financial services. Tractor Supply (retail), Comdata (financial services), AT&T (communications), Brookdale Senior Living (senior residences management), GEODIS (logistics), Quorum Health (hospital management), and Lattimore, Black, Morgan & Cain, P.C. (financial services) are examples of companies who have chosen to locate their national or regional offices in Brentwood. In the Fall of 2016, Lattimore, Black, Morgan & Cain, P.C. relocated its headquarters and became the prime office anchor in the first office building to open in the new Hill Center Brentwood mixed-use development. First Tennessee Bank recently centralized its Williamson County office operations in the second office building at the Hill Center.

The Cool Springs Galleria is located adjacent to the City's southern limits with Brentwood's City limits surrounding the mall on three sides. Since its opening in 1991, the mall has facilitated significant retail development in the Cool Springs area and is now the largest concentration of retail development in the State of Tennessee. This includes significant retail development inside the adjacent Brentwood area resulting in subsequent growth in local sales tax collections. Additional retail development has also occurred in the northern commercial area of the City to serve the office and resident population. The growth in local sales tax collections in the past ten years has allowed the City to maintain a balanced revenue/tax structure and not be heavily dependent on the property tax to fund municipal services. It has also allowed the City to maintain the same effective property tax rate for the past twenty-six (26) years through FY 2017.

The Brentwood/Williamson County community is firmly committed to providing a quality public education system second to none in the United States. Local students are routinely admitted to the highest ranked colleges and universities across the nation. Both Brentwood and Ravenwood High Schools are consistently ranked among the top schools in the nation and Tennessee. Williamson County provides first class facilities and strives to meet the growth in student enrollment by constructing new schools, as needed. During FY 2017, the school district purchased land in southeast Brentwood for construction of a new elementary school scheduled to open in August of 2018. The site is large enough to also accommodate a future middle school. The school district also approved plans for construction of a new STEM building on the campus that serves both Brentwood High School and Brentwood Middle School to accommodate the growth in student enrollment in these two schools. This facility is scheduled to open in August of 2019.

**Long-term financial planning.** The Six-Year Capital Improvements Program (CIP) is an essential component of the City's budget process and allows for broader understanding and deliberation on the essential long-term capital needs of a growing city. The program is annually reviewed, updated and adopted by the City Commission.

Funding for the CIP program is generally balanced among local sources (pay-as-you-go), inter-governmental funding and the issuance of General Obligation and Water/Sewer Revenue Bonds. Highlights of the FY 2018-23 CIP include:

- Beginning of construction by the State of Tennessee for Franklin Road Widening Improvements (from Concord Rd to Moores Lane)
- Roadway and Intersection Improvements at Ragsdale Road and Sunset Road as well as Crockett Road and Green Hill Boulevard
- Construction of a regional public safety radio communication network in cooperation with the City of Franklin and Williamson County
- Architectural studies for a potential Police Department headquarters facility
- Continued Rehabilitation of the Brentwood Sewer System
- Brentwood Water System Capacity Improvements, including automated meter reading system expansion

**Major Challenges** - significant challenges, issues and changes that the City will face in the near future include the following:

- ***Local Revenue Growth Trends.*** While the economic conditions in Brentwood and Middle Tennessee are very positive, there are still economic concerns on a national level. Fortunately, the City of Brentwood again ended fiscal year 2016-2017 in excellent financial condition due to conservative financial management. General Fund revenues greatly exceeded amended budget estimates by \$2,027,904 while expenditures were under the revised appropriation by \$1,329,966. Even after taking into account special year-end appropriations transfers from the General Fund to the Capital Projects Fund (\$5,355,000) for advance funding for various capital improvements in fiscal year 2018 and beyond, the fund balance increased by \$3,984,585 from the previous fiscal year (from \$37,908,555 to \$41,893,140). As noted earlier, this positive increase was possible due to continued conservative revenue estimates, an improving local economy and associated retail sales, and continued strong Hall Income Tax revenue distributions even taking into account the 1% reduction in the tax rate for the 2016 tax year. Looking ahead to fiscal year 2017 - 2018 and beyond, we anticipate continued moderate to strong revenue growth from key revenue sources such as property taxes and local sales taxes. Several new development and redevelopment projects either recently completed or under construction will provide additional new office, retail and restaurant options. Also, the City expects to complete a special census during FY 2018 which will allow the City to capture an estimated additional \$250,000+ in state shared revenues annually beginning in FY 2019. However, approval by the state legislature of the IMPROVE Act codified the previously stated intent to reduce the Hall Income Tax rate by 1% per year until full repeal of the tax by 2021. This will affect the City's ability to cash flow capital improvements in future years. Note that the FY 2016-17 General Fund operating budget reflected a \$150,000 decrease (from \$750,000 down to \$600,000) in budgeted revenue from the Hall Income Tax in an effort to continue reducing operating budget reliance on this expiring revenue source. An additional \$175,000 decrease (from \$600,000 to \$425,000) was included in the FY 2017-18 General Fund operating budget.

To continue to meet expenditure obligations in challenging areas such as salaries, health insurance and retirement benefits without a property tax increase or use of reserves to fund on-going operations, the City will continue to focus on controlling expenses and doing “more with less.” From a short-term perspective, the staff is confident that the fiscal year 2018 - 2019 General Fund budget will be balanced without a property tax increase and done in a way that does not reduce essential services or affect the quality of life in Brentwood, assuming no radical revenue adjustments imposed by the state legislature during the 2018 legislative session or no major new program initiatives instituted at the direction of the Board of Commissioners.

- ***Local Housing Market.*** Brentwood continues to be one of the most desirable communities in which to live in the Nashville/Middle Tennessee area. New home starts in fiscal year 2017 totaled 187 compared to 206 in fiscal year 2016. This decrease is attributable to a number of factors including a reduction in the number of available lots and the increasing price of new homes. The majority of new home development includes prices in the \$600,000 - \$1,000,000+ range. The resale of existing homes also shows strong activity, with the median price over the past twelve month being \$680,000. A county-wide property reappraisal process completed in early 2016 reflected an average value increase in Brentwood of 23%. The primary uncertainty in the housing market revolves around future interest rate trends and the unknown impact if the mortgage interest and local property tax deductions are reduced or eliminated as part of a federal tax reform plan enacted into law.
- ***Demands on Infrastructure.*** As Brentwood moves closer to build out of available land within the city limits, attention must be given to ensuring that our infrastructure is sufficient to serve the community at build out. While traffic continues to be the primary infrastructure concern for most residents, it is also the one infrastructure issue least controlled by the City. With an interstate highway bisecting the City from north to south and all of our major arterial roads being state highways, we do not have control of improvement decisions and funding for the most heavily traveled routes through town. In addition, the strong pace of development in our surrounding area means that traffic growth through Brentwood will continue even after build out within Brentwood itself. Finally, simply widening roads, adding interstate exits, etc. as a strategy to address traffic problems is not financially sustainable for either the City or the state. Thus, incremental capacity and traffic signal technology improvements will be the focus of transportation funding in the years to come while the Nashville region strives to reach a consensus on a plan for regional mass transit in the future. Besides transportation, policies related to the long-term capacity of the water and sewer utility infrastructure are the other challenge facing the City in the next few years. During fiscal year 2017, the implemented the first water rate increase since the early 1990’s. This water rate increase was structured to have a greater impact on the higher water usage customers who are the primary source of the demand necessitating expansion of the water system. A small sewer rate increase was also approved. The rate increase approval included scheduled, smaller annual increases over the next four years to keep pace with projected cost increases and fund planned capital improvements and system maintenance.

- ***Competitive Employee Pay and Benefit Programs.*** The strength of the Middle Tennessee economy provides benefits from a revenue perspective, but also creates pressures on the City's ability to maintain a competitive employee compensation and benefits program. Escalating wage rates in both the surrounding public and private sector job markets necessitated that the City assess its classification and compensation plan. As a result, the Board of Commissioners adopted an updated classification and compensation plan effective July 1, 2017. In addition, the increasing workforce presence of the millennial generation presents unique challenges due to new and different employee expectations of the workplace, leave policies, benefit programs, etc.

**Relevant financial policies.** The City's fund balance policy states that the City maintain a minimum unassigned general fund reserve in excess of forty percent (40%) of annual operating expenses. Such fund balance shall serve cash flow needs, protect against unforeseen emergencies and enhance the credit worthiness of the City. The City exceeded this fiscal policy objective by ending FY 2017 with an unassigned fund balance for the general fund of \$35,663,339, or 90% of FY 2017 general fund expenditures and transfers, including significant year-end transfers to the Capital Projects Fund.

In addition, the City strives to maintain an unallocated fund balance in the Debt Service Fund equal to one (1) year's General Obligation debt service requirement. During FY 2017, the Board of Commissioner voted to take advantage of the strong cash reserves available in the Debt Service Fund and use cash to retire \$1.58 million of callable 2006 G.O. refunding bonds to achieve interest savings in excess of \$160,000 over the remaining life of the bonds. As a result of this action, the fund balance policy objective was not met, as the FY 2017 ending fund balance in the Debt Service Fund was \$1,977,213 compared to anticipated debt service payments for FY 2018 of \$2,590,000. Financial modeling of the Debt Service Fund shows that the fund should achieve the one-year fund balance objective again by the end of FY 2020.

Finally, in light of the eventual elimination of the Hall Income Tax and its impact on future capital spending, City staff developed a five-year financial model for the General Fund. This model forecasts General Fund revenues and expenditures for the next five years based on both historical trends and known issues that would materially affect the City's finances in the next five years. The primary purpose of the model is to conservatively project available annual budget surpluses that can be programmed for use in the six-year capital improvements program.

**Major Initiatives for the Year -** The significant projects, events and accomplishments during the City's 2016 - 2017 fiscal year included the following:

- ***Credit Quality*** - The City of Brentwood's financial position remains exceptionally strong with an Aaa bond rating from Moody's Investors Services and an AAA rating from Standard and Poor's, with the Moody's rating reaffirmed in January 2017. The City has maintained the highest possible bond rating since January 2000.
- ***Capital Improvements Funded*** - The City Commission responsibly addressed the infrastructure demands of the community through formulation, update, adoption and implementation of the City's six-year capital improvements program for FY 2017 - 2022, including a realistic financing and debt management plan.

- ***Stable Property Tax Rate*** - The City of Brentwood property tax rate approved in June 2017 for the new fiscal year beginning July 1, 2017 - June 30, 2018 remained \$.36 per \$100 of assessed value, which represents the same effective tax rate for the 26<sup>th</sup> year in a row. Brentwood continues to have one of the lowest tax rates in the State of Tennessee for any full service municipality, with the City property tax bill for the average home valued at \$700,000 being \$630 annually.
- ***Proactive Focus*** - The City Commission continued to focus staff efforts on identifying and addressing the long-term needs of the City through formal adoption of a non-routine work plan setting goals and objectives for all City departments for the 2017 - 2018 fiscal year. In addition, the Board of Commissioners recently approved the Brentwood 2030 Plan, an update to the City's long-term comprehensive plan.
- ***Productivity Improvement*** - Brentwood is strongly committed to improving the productivity and responsiveness of City departments through the effective use of new technology and equipment in daily operations. This on-going focus has kept the overall growth in City staffing levels low while enabling the City to be responsive to expanding service demands (police, fire, parks, public works, library, inspections, etc.). The result is that the number of full-time employees per 1,000 residents for the adopted fiscal year 2016-2017 budget was 6.5 versus 8.54 in fiscal year 1990-1991 or 24% less. To put this productivity gain in perspective, if the City were operating at the same per capita staffing levels today as in FY 1991, the City would have 83 additional full-time employees (345 rather than 262) with additional personnel cost to the City of \$7.2 million annually. Funding would have required a 63% increase in the City property taxes, a corresponding \$7.2 million or 20% cut in current General Fund services or a combination of tax increases and service reductions.
- ***New Commercial Development Activity*** - Significant commercial development continued during FY 2017. The first two phases of the Hill Center Brentwood redevelopment project at the corner of Franklin Road and Maryland Way were completed and include two office buildings, a mixture of restaurants and retail services, and a parking garage. Plans for the next phase of the project are expected to be submitted in early 2018. The Mallory Park commercial development continued to experience strong demand with completion of a 64,000 square foot spec office building adjacent to the Quorum Health Services headquarters building that was completed in 2016. Also, a new car dealership to serve the Maserati, Alfa Romeo, Aston Martin, Bentley, and Rolls Royce brands was completed and construction of a new BMW dealership is underway. Also, a primary tenant has been identified for one of the two remaining approved office buildings in the Virginia Springs development with site work beginning in late calendar year 2017.

## Awards and Acknowledgements

*Certificate of Achievement.* The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Brentwood for its comprehensive annual financial report for the year ended June 30, 2016. This was the thirty-first (31st) consecutive year (fiscal years ended 1986 - 2016) that the government has achieved this award. The Certificate of Achievement is a prestigious national award that recognizes our conformance with the highest standards for preparation of a state and local government financial report.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe that our current CAFR continues to meet the Certificate of Achievement requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

*Distinguished Budget Presentation Award.* The City has been recognized by the Government Finance Officers Association of the United States and Canada (GFOA) with the Distinguished Budget Presentation Award for the fiscal year beginning July 1, 2016. This represents the twenty-fifth (25<sup>th</sup>) consecutive year the City has met or exceeded the program's requirements. This award represents the highest recognition possible in governmental budgeting.

The award program critiques the budget document on its proficiency as a policy document, a financial plan, an operations guide and as a communications device. The award is valid for a period of one year. Management will continue to improve the City's budget based on comments and suggestions from the review and will conform to program requirements and changes.

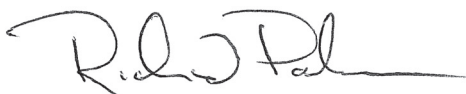

*Acknowledgments.* The efforts of the members of the Finance Department office staff and the cooperation of each of the City's departments were essential in the preparation of this report. Specific appreciation is expressed to Finance Director Richard Parker and City Treasurer Karen Harper on their preparation and thoroughness throughout the audit process.

Also, the City is indebted to the staff of Crosslin, PLLC for its valuable guidance and assistance. Credit also must be given to the Mayor and the Board of Commissioners for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Brentwood's finances.

Respectfully submitted,

**City of Brentwood**

## Independent Auditor's Report

The Honorable Mayor and Board of Commissioners  
City of Brentwood  
Brentwood, Tennessee

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Brentwood, Tennessee, (the "City") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Brentwood, Tennessee, as of June 30, 2017, and the respective changes in financial position, budgetary comparison information for the General Fund and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 4 through 18, the pension plan schedules on pages 73 through 74, and the other postemployment benefits plan schedules on pages 75 through 78 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Brentwood, Tennessee's basic financial statements. The introductory section, the combining and individual fund financial statements and schedules on pages 79 through 85, the combining and individual internal service fund statements on pages 86 through 89, the other schedules on pages 90 through 93, state compliance schedules on pages 118 through 121 and the statistical section on pages 95 through 117 are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards and state financial assistance on page 94 is presented for purposes of additional analysis as required by the State of Tennessee, and is also not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, the combining and individual internal service fund statements, the other schedules on pages 90 through 93 and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, the combining and individual internal service fund statements, the other financial schedules on pages 90 through 93, and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section on pages i through xiii, state compliance schedules on pages 118 through 121 and the statistical section on pages 95 through 117 have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2017 on our consideration of the City of Brentwood, Tennessee's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Brentwood, Tennessee's internal control over financial reporting and compliance.

*Crosslin, PLLC*

Nashville, Tennessee  
December 18, 2017

## Management's Discussion and Analysis

As management of the City of Brentwood, Tennessee (the "City" or the "City of Brentwood"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2017. The analysis focuses on significant financial position, budget changes and variances from the budget, and specific issues related to funds and the economic factors affecting the City.

Management's Discussion and Analysis ("MD&A") focuses on current year activities and resulting changes. Please consider the information presented here in conjunction with our Letter of Transmittal (page i) and the City's financial statements (beginning on page 19).

### Financial Highlights

- The assets and deferred outflows of the City of Brentwood exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$374,339,277 (net position). Of this amount, \$103,796,547 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position increased by \$16,184,985 compared to prior year.
- As of the close of the current fiscal year, the City of Brentwood's governmental funds reported combined ending fund balances of \$71,066,148 an increase of \$211,130 in comparison with the prior year. Approximately 50.2% of this total amount, \$35,663,339 is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$35,663,339, or 89.6% of fiscal year 2017 final general fund expenditures including transfers. This demonstrates the City's fiscal discipline and places the City in a strong financial position to meet unexpected emergencies, uncertainties at the State level or a slowdown in the economy.
- The City of Brentwood's total debt decreased by \$5,610,000 during the current fiscal year. The key factor in this decrease was the payment of principal amounts for existing General Obligation debt (\$2.3M), early repayment of the 2006 General Obligation Bonds (\$1.6M) and repayment of Water and Sewer debt (\$1.8M). During fiscal year 2017, the City issued \$3,890,000 in refunding bonds to refund \$3,805,000, representing a portion of outstanding General Obligation debt and Water and Sewer debt.

### Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction of the City of Brentwood's basic financial statements. The City of Brentwood's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Brentwood's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City of Brentwood's assets, deferred outflows, liabilities and deferred inflows, with the difference between assets plus deferred outflows and liabilities plus deferred inflows reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Brentwood is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Brentwood that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Brentwood include general government, public safety, roads and streets, public health, parks and recreation, public library, community support, drug education, facilities maintenance projects and interest on long-term debt. The business-type activities of the City of Brentwood include the Water and Sewer Fund, Municipal Center Fund and Emergency Communications District.

The government-wide financial statements can be found on pages 19 - 20 of this report.

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Brentwood, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Brentwood can be divided into four categories: governmental funds, proprietary funds, internal service funds and fiduciary funds.

**Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Brentwood reports seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund and the capital projects fund, all of which are considered to be major funds. Data from the other four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The basic governmental fund financial statements can be found on pages 21 - 24 of this report.

**Budget to Actual Comparisons - General Fund.** The City of Brentwood adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget. Budget to actual comparisons for the General Fund can be found on pages 25 - 31 of this report.

**Proprietary funds.** There are two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of Brentwood uses enterprise funds to account for activities in its Water and Sewer Fund, Municipal Center Fund and Emergency Communications District.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer Fund, Municipal Center Fund and Emergency Communications District. Conversely, both internal service funds are combined into a single aggregated presentation in the proprietary fund statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 32 - 34 of this report.

**Internal service funds.** Internal service funds are an accounting device used to accumulate and allocate costs internally among a City's various functions. The City of Brentwood uses internal service funds to account for its fuel purchases and health insurance. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support a City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The City of Brentwood maintains two fiduciary funds: (1) the Postemployment Benefits Trust and (2) the Donations Held in Trust Fund.

The basic fiduciary fund financial statements can be found on pages 35 - 36 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 37 - 72 of this report.

**Other information.** Included in Required Supplementary Information, the City of Brentwood's progress in funding its obligation to provide pension benefits and other postemployment benefits to its employees is presented, which can be found on pages 73 - 78 of this report. The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds, as well as budgetary information for the debt service fund, are presented immediately following the required supplementary information on pensions and other postemployment benefits. Combining and individual fund statements can be found on pages 79 - 89 of this report.

## **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Brentwood, assets and deferred outflows exceeded liabilities and deferred inflows by \$374,339,277 as of June 30, 2017.

Other Liabilities	<u>5,347</u>	<u>5,879</u>	<u>2,500</u>	<u>2,449</u>	<u>7,847</u>	<u>8,328</u>
Total Liabilities	<u>29,957</u>	<u>34,156</u>	<u>26,843</u>	<u>28,626</u>	<u>56,800</u>	<u>62,782</u>
Deferred Inflows of Resources	<u>13,424</u>	<u>13,572</u>	<u>104</u>	<u>175</u>	<u>13,528</u>	<u>13,747</u>
Net Position:						
Net investment in capital assets	217,276	205,433	47,812	48,666	265,088	254,099
Restricted	5,426	8,845	29	127	5,455	8,972
Unrestricted	<u>70,494</u>	<u>64,856</u>	<u>33,302</u>	<u>30,228</u>	<u>103,796</u>	<u>95,084</u>
Total Net Position	<u>\$ 293,196</u>	<u>\$ 279,134</u>	<u>\$ 81,143</u>	<u>\$ 79,021</u>	<u>\$ 374,339</u>	<u>\$ 358,155</u>

By far the largest portion of the City of Brentwood's net position (71%) reflects its investment in capital assets (e.g., land, infrastructure, buildings, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. The City of Brentwood uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City of Brentwood's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the City's net position represents resources that are subject to restrictions as to how they may be used. These include net position restricted for roads and streets (\$430,928), capital projects (\$4,263,761), and drug enforcement and education (\$513,089).

At the end of the current fiscal year, the City of Brentwood is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

**Governmental activities.** Governmental activities increased the City of Brentwood's net position by \$14,062,727, accounting for 86.9% of the total growth in the net position of the City. The primary factors underlying this increase include:

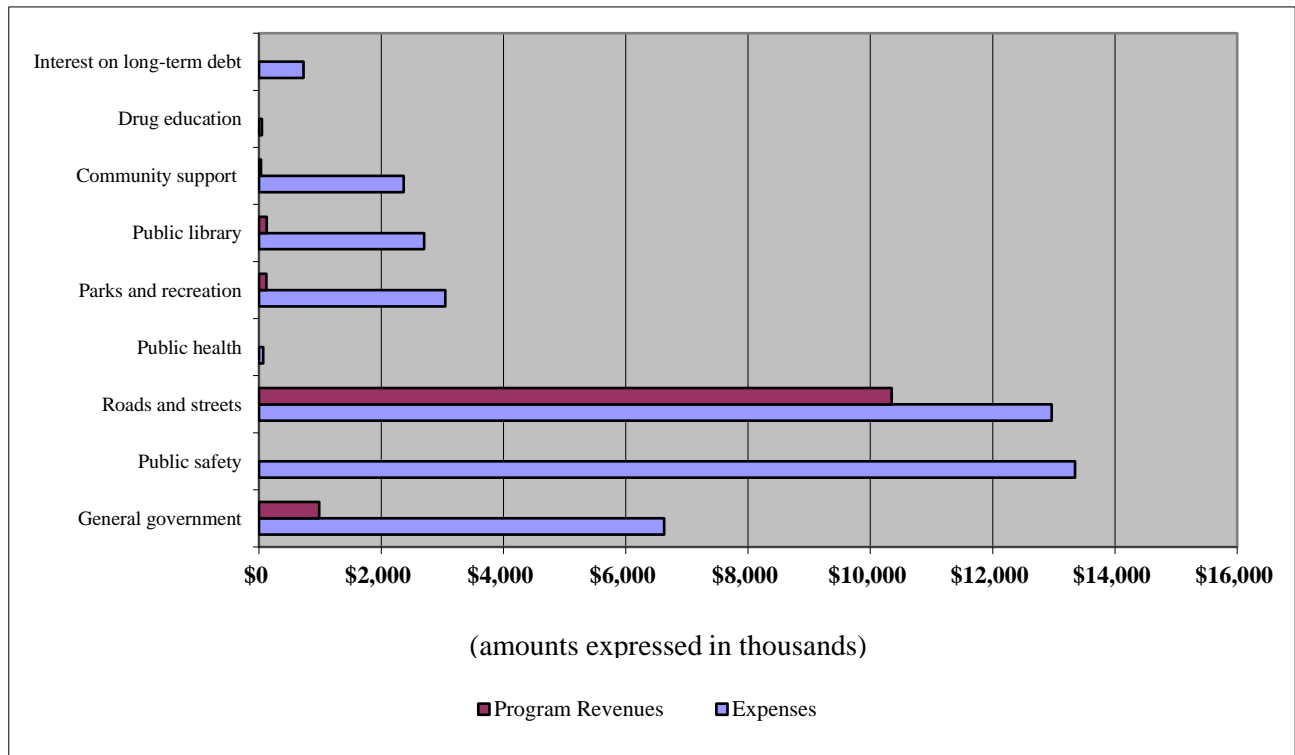

- Capital grants and contributions totaled \$8,179,647, primarily from street infrastructure work as well as contributions of street and related infrastructure in fiscal year 2017.
- State Income Tax (Hall Tax) net collections were \$3,132,222 which is \$2,532,222 more than conservative original budget estimates of \$600,000.
- Local sales tax collections were \$15,910,640, a \$706,747 (4.6%) increase over last year's collections and were \$2,660,640 (20.1%) higher than FY 2017 original budget estimates.
- Total actual General Fund departments' cost containment measures resulted in \$1,329,966 less expenditures than the amended budget amount of \$32,358,235.

**The City's Changes in Net Position**  
**For the year ended June 30, 2017 and 2016**

## Expenses and Program Revenues - Governmental Activities

As the graph below shows, Public Safety expenses represent one of the largest activities, reflecting the City's commitment to a safe community. Roads and Streets expenses were also a substantial activity. For the most part, expenses closely paralleled inflation and growth in the demand for services.

## General Revenue by Source - Governmental Activities

**Business-type activities.** Business-type activities increased the City of Brentwood's net position by \$2,122,258 accounting for 13.1% of the total growth in the government's net position. Key elements of this increase are as follows:

- The City's Water and Sewer Fund accounts had an increase in net position of \$2,507,835 for the year. This reflects a significantly larger increase in net position compared to the prior year. Factors affecting this amount include:
  1. An increase in net water/sewer tap fees of \$188,021 (note: FY 2017 fees included Springhill Suites - \$253,900, BMW of Nashville/Sonic Auto - \$134,250, First Farmers - \$35,250, 55 South Restaurant - \$22,100, Holler Dash - \$19,731, Sitar Restaurant - \$17,100, and Nama Sushi - \$14,732).
  2. Total water revenue collections increased \$2,275,084 from the previous year due to an increase in water rates, increased demand and seasonal weather patterns.
  3. An increase in purchased water costs of \$1,061,983 due primarily to a wholesale water rate increase from the City's primary water supplier.
- The City's Municipal Center Fund accounts had a positive change in net position of \$27,783 for the year, an increase of \$5,307 from the previous year, reflecting consistent operations with the previous year.
- The Emergency Communications District ("ECD") recorded a decrease in net position, including transfers, of \$479,480 for fiscal year 2017. ECD operations were relatively consistent with the prior year. However, during 2017, the District made a \$750,000 transfer to the City's capital projects fund under an Interlocal Agreement to finance equipment purchases which will benefit the District.
- The allocation of the internal service fund net position to the business-type activities resulted in an additional \$66,120 increase in net position at an entity-wide level.

## Expenses and Program Revenues - Business-type Activities

## Revenues by Source - Business-type Activities

## Financial Analysis of the Government's Funds

As noted earlier, the City of Brentwood uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### Assets, Liabilities, Deferred Inflows and Fund Balances Total Governmental Funds

	2017	2016
Total assets	\$ 88,866,047	\$ 88,611,013

Total liabilities, deferred inflows of resources and fund balances	\$ 88,866,047	\$ 88,611,013

**Governmental funds.** The focus of the City of Brentwood's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Brentwood's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Brentwood's governmental funds reported combined ending fund balances of \$71,066,148, an increase of \$211,130 in comparison with the prior year amount. Approximately 50% of this total amount (\$35,663,339) constitutes unassigned fund balance, which is available for spending at the government's discretion. Per the City's Fund Balance Policy and pursuant to GASB Statement No. 54, the remainder of fund balance is classified as to nonspendable (\$147,116), restricted for a specific purpose per enabling legislation (street repairs - \$430,928, drug enforcement and education - \$513,089 and capital projects - \$4,263,761) and committed for a specific purpose per action by the Board of Commissioners (capital projects - \$21,988,017, debt service - \$1,971,795, equipment replacement - \$3,606,327, facilities maintenance - \$1,248,908 and postemployment benefits - \$1,232,868).

The general fund is the chief operating fund of the City of Brentwood. At the end of the current fiscal year, the unassigned fund balance of the general fund was \$35,663,339. As a measure of the general fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 90% of total fiscal year 2017 general fund expenditures (including transfers).

The fund balance of the City of Brentwood's general fund (including committed activity budgeted separately) increased by \$3,984,585 during the current fiscal year. Key highlights in this fund for 2017 include:

- Total revenues exceeded budgetary projections by \$2,027,904.
- Local sales tax collections were \$15,910,640, a \$706,747 increase over last year's collections and were \$2,660,640 (20.1%) higher than FY 2017 original budget estimates.
- State Income Tax (Hall Tax) net collections were \$3,132,222 for FY 2017, which was \$2,532,222 higher than FY 2017 original budget estimates.
- Hotel / Motel taxes and Intergovernmental Business Taxes totaled \$1,843,667 and \$1,956,708, respectively. These taxes increased from prior year by 8.1% and 5.7%, respectively.
- The general fund departments demonstrated fiscal responsibility by under-spending the appropriated budget by \$1,329,966.

The debt service fund has a total fund balance of \$1,977,213, of which \$5,418 is nonspendable and \$1,971,795 is committed for the future payment of debt service. The net decrease in fund balance during the current year in the debt service fund was \$1,581,696. Regularly scheduled principal payments decreased \$310,000 and interest payments decreased \$209,263 over FY 2016 amounts. However, the City made additional early repayment on its 2006 General Obligation bonds of \$1,580,000. Please see Note 6 for additional information on the City's long-term liabilities.

The capital projects fund has a total fund balance of \$22,046,626 all of which is restricted or committed for the funding of major capital improvements of the City. The current year net increase of \$470,558 includes transfers of \$8,155,000 from the General Fund (\$5,655,000), Public Works Project Fund (\$1,000,000), Adequate Facilities Tax (\$750,000) and Emergency Communications District (\$750,000) to fund certain capital projects in the FY 2017 and beyond. Additional details of major capital expenditures are addressed on page 16 of this narrative overview.

***Proprietary funds.*** The City of Brentwood's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Water and Sewer Fund at the end of the year amounted to \$28,836,999, for the Municipal Center Fund, \$2,373,881 and for the Emergency Communications District, \$1,670,719. The total changes in net position for the funds were increases of \$2,507,835 for Water and Sewer, and \$27,783 for Municipal Center Fund, and a decrease of \$479,480 for Emergency Communications District. Other factors concerning the finances of these funds have previously been addressed in the discussion of the City of Brentwood's business-type activities.

### **General Fund Budgetary Highlights**

Differences between the original budget and final amended budget (\$5,546,860 increase in revenues and \$5,546,860 in current year appropriations) can be summarized as follows:

## Revenues

Increases were made to the following accounts for higher than budgeted collections due to improvements in the general economic condition of the Middle TN region and the impact on local retail sales and tourism:

Local Sales Tax	\$ 2,450,000
State Income Tax	1,900,000
Wholesale Liquor Tax	305,000
Hotel / Motel Taxes	365,000
Business Tax	455,000
Other	<u>71,860</u>
 Total Change in Budgeted Revenues	 <u>\$ 5,546,860</u>

The following increases to current year appropriations were made:

## Appropriations

1. A special FY 2017 year-end appropriation transfer of \$5,355,000 from the General Fund to the Capital Projects Fund funded through projected excess revenue collections in the current fiscal year to pay for certain proposed FY 2018 and beyond capital projects and equipment. The projects include funding for the remainder of the upgrades and expansion of the City's radio communication system (\$700,000), funding for construction of Smith Park Maintenance Barn (\$150,000), funding for Crockett Park Trails and Playground (\$115,000), funding for traffic signal upgrades (\$160,000), funding for Crockett/Green Hill Roundabout (\$100,000), funding for Mallory/Commerce Intersection (\$75,000), funding for Ragsdale/Split Log Intersection (\$750,000), funding for Sunset Phase 2 (\$300,000), Maryland Farms Greenway (\$300,000), and other trails and sidewalks (\$150,000), Parks Department Maintenance/Office Facility (\$70,000), Police Headquarters Needs Analysis (\$200,000), Library Audio Visual Equipment for Meeting Rooms (\$80,000) and unassigned future CIP projects (\$2,205,000).
2. A special FY 2017 year-end transfer of \$45,000 from the General Fund to the Equipment Replacement Fund for FY 2018 purchase of a chipper machine for the Public Works Department (\$45,000).
3. An appropriation increase of \$33,860 to the Fire and Rescue activity for incidentals and overtime paid to the City of Brentwood firefighters that were deployed to East Tennessee for mutual aid emergency service operations and support for the fires in Pigeon Forge, Gatlinburg and Flippers Bend. Funding provided by FEMA reimbursement funds (\$33,860).
4. An appropriation increase to the Public Works activity for \$60,000 to cover the cost of storm cleanup following the March 1, 2017 tornado.
5. An appropriation increase in the Codes Department activity of \$15,000 for increase in other professional services due to costs associated with temporary staffing due to a vacancy in the administrative secretary position and succession planning regarding the retirement of a part time employee.
6. An appropriation increase in the Community Relations activity of \$38,000 for accrued terminal leave payments in FY 2017 for the prior Community Relations Director.

The General Fund unassigned fund balance at June 30, 2017 is \$35,663,339, which exceeds the stated budget policy objective of maintaining a minimum of 40% reserves (based on the amount of the annual budget appropriation) for future needs and emergencies.

Significant differences between the final amended budget and actual amounts can be summarized as follows:

1. State and Local Sales tax was \$559,003 more than budgeted projections due to continued improvement and growth in retail sales both locally and statewide.
2. Real and Personal Property Tax Collections were \$107,938 more than budgeted projections due to new housing starts in FY 2017.
3. The Licenses and Permits collections category were \$171,400 more than budgeted projections due to various revenue accounts under this category exceeding budget FY 2017 projections, including Building Permits (\$123,934), Site Plans Fees (\$18,583), Plumbing Permits (\$9,927), Mechanical Permits (\$8,842) and Other (\$10,114).
4. State income tax collections exceeded budgeted projections by \$632,222 due to conservative budgeting and higher investment market returns.

### **Capital Asset and Debt Administration**

**Capital assets.** The City of Brentwood's investment in capital assets for its governmental and business type activities as of June 30, 2017 amounts to \$309,555,083 (net of accumulated depreciation). This investment in capital assets includes land, buildings and structures, improvements, machinery and equipment, park facilities, roads and bridges. Major capital asset events during the current fiscal year included the following:

- Ford Flex - Technology Department
- Two Ford Explorers - Codes
- Ford Explorer - Fire Department
- Ford F-250 - Public Works
- Fiber Splicer and Signal Heads - Traffic Signalization
- Chevrolet Silverado - Parks Department
- Manual Locking Book Drop - Library
- TriTech Records Management - Police
- PowerEdge Server and DesignJet Plotter - Technology
- Six Ford Explorers and a Nissan Maxima - Police
- Caterpillar 914K, New Holland Tractor and Ford F-550 Bucket Truck - Public Works

**City of Brentwood Capital Assets**

Additional information on the City of Brentwood's capital assets can be found in Note 4 of this report.

**Long-term bonded debt.** At the end of the current fiscal year, the City of Brentwood had total long-term bonded debt outstanding of \$44,910,000. All of the City's debt is secured by a general obligation pledge. Debt of Business-Type Activities (Water and Sewer Fund) comprises bonds payable primarily from and secured by a pledge of the net revenues to be derived from the operation of the water and / or sewer systems. In the event of a deficiency in such net revenues, the bonds are payable from unlimited ad valorem taxes on all taxable property within the corporate limits of the City. For prompt payment of principal and interest on the bonds the full faith and credit of the City are irrevocably pledged. All debt is through the issuance of bonds for periods not exceeding 20 years at fixed interest rates.

**City of Brentwood Outstanding Debt**  
**General Obligation and Revenue Bonds**  
**June 30, 2017 and 2016**  
**(amounts expressed in thousands)**

	<b>Governmental Activities</b>		<b>Business-Type Activities</b>		<b>Total</b>	
	<b>2017</b>	<b>2016</b>	<b>2017</b>	<b>2016</b>	<b>2017</b>	<b>2016</b>
General obligation bonds	\$ 20,975	\$ 24,770	\$ 23,935	\$ 25,750	\$ 44,910	\$ 50,520
Premiums (discounts), net	605	611	408	427	1,013	1,038
Total	<u>\$ 21,580</u>	<u>\$ 25,381</u>	<u>\$ 24,343</u>	<u>\$ 26,177</u>	<u>\$ 45,923</u>	<u>\$ 51,558</u>

The City of Brentwood's total long-term debt decreased by \$5,610,000 (11%) during the current fiscal year. The key factor in this decrease was the payment of principal amounts for existing General Obligation debt (\$2.3M), early repayment of the 2006 General Obligation Bonds (\$1.6M) and repayment of Water and Sewer debt (\$1.8M). During fiscal year 2017, the City issued \$3,890,000 in refunding bonds to refund \$3,805,000, representing a portion of outstanding General Obligation debt and Water and Sewer debt.

The City of Brentwood maintains an Aaa rating from Moody's Investors Service and an AAA rating from Standard and Poor's for its general obligation and revenue and tax bonds debt. This is the highest bond rating possible and permits the City to receive the most favorable interest rates on our bonds.

State statutes set no limit for the amount of general obligation debt a governmental entity may issue. The total long-term bonded debt outstanding for the City of Brentwood of \$44,910,000 translates to approximately \$1,112 per capita using the 2015 City Special Census Certified Population of 40,401.

Additional information on the City of Brentwood's long-term debt can be found in Note 6 of this report.

### **Economic Factors and Next Year's Budgets and Rates**

- The unemployment rate for the City of Brentwood is currently 2.2%, a decrease from 4.2% a year ago. This compares to the county's rate of 3.2%, the state's average unemployment rate of 3.6% and the national average rate of 4.4%.
- The office space vacancy rate of the Brentwood submarket, which includes a portion of Davidson County was 10.6% as of June 2017.
- Inflationary trends in the region compare favorably to national indices.

All of these factors were considered in preparing the City of Brentwood's budget for the 2018 fiscal year.

During the current fiscal year, the total unassigned fund balance in the general fund increased to \$35,663,339. The City of Brentwood has not appropriated any of this amount for spending in the 2018 fiscal year budget but may consider doing so at the end of FY 2018 to fund future capital projects subject to continued strong revenue performance.

### **Requests for Information**

This financial report is designed to provide a general overview of the City of Brentwood's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

CITY OF BRENTWOOD, TENNESSEE

RECONCILIATION OF BALANCE SHEET TO STATEMENT OF  
NET POSITION OF GOVERNMENTAL ACTIVITIES

JUNE 30, 2017

**Total Governmental Funds Balances** \$ 71,066,148

Amounts reported for governmental activities in the  
Statement of Net Position are different because:

Capital assets used in governmental activities are not financial  
resources and therefore are not reported in the governmental funds Balance Sheet 237,995,206

Receivables not available to pay for current expenditures, and therefore, are  
unavailable in the funds 181,610

Net other postemployment benefits asset in governmental activities is not a  
current financial resource and therefore are not reported in the  
governmental funds Balance Sheet 1,629,078

In the Statement of Net Position, interest is accrued on outstanding  
bonds, whereas in governmental funds, interest expenditures  
are reported when due (181,812)

The internal service funds are used by management to charge the cost of fuel  
supplies and health insurance premiums to the individual funds. The assets  
and liabilities of the internal service funds are included in governmental  
activities in the Statement of Net Position 2,836,776

Pension amounts not reported in the funds:  
Net pension asset 218,227  
Deferred outflows of resources related to pensions 4,032,140  
Deferred inflows of resources related to pensions (772,799)

Long-term liabilities, including bonds payable, are not due and payable in  
the current period and therefore are not reported in the governmental funds:  
Bonds payable (20,975,000)  
Less deferred charges on refunding bonds 801,919  
Add bond premium (604,708)  
Compensated absences (3,030,315)  
(23,808,104)

**Net Position of Governmental Activities** \$293,196,470

See accompanying notes to financial statements.

See accompanying notes to financial statements.

## CITY OF BRENTWOOD, TENNESSEE

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES  
IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED JUNE 30, 2017

<b>Net Change in Fund Balance - Governmental Funds</b>	<b>\$ 211,130</b>
--	-------------------

Amounts reported for governmental activities in the Statement of Activities are different from amounts reported for governmental funds in the Statement of Revenues, Expenditures and Changes in Fund Balances because:

Governmental funds report capital outlays as expenditures. However, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense for governmental activities:

Acquisition of capital assets	9,995,366
Disposal of capital assets	(3,980)
Contributions of capital assets	7,732,321
Depreciation expense	(9,651,036)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds	(17,834)
--	----------

The issuance of long-term debt and related items provide current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any affect on changes in net position of governmental activities:

Refunding bonds issued	(3,030,000)
Premium on refunding bonds issued	(43,213)
Payment to refunding bond escrow agent	3,083,485
Payments on long-term debt	3,885,000

Interest is accrued on the outstanding bonds in the Statement of Activities, whereas in the governmental funds, an interest expenditure is reported when due:

Accrued interest on debt obligations at June 30, 2017	(181,812)
Accrued interest on debt obligations at June 30, 2016	241,246

The internal service funds are used by management to charge the cost of fuel supplies and health insurance premiums to the individual funds. The changes in net position of the internal service funds are reported with governmental activities in the Statement of Activities	389,248
---	---------

Governmental funds report the effects of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized for governmental activities:

Amortization of bond premium/discount	49,264
Amortization of deferred amount on refunding	(173,667)

Negative pension expense not reported in the funds	1,712,397
--	-----------

Expenses reported for governmental activities do not require the use of current financial resources and are not reported as expenditures in the governmental funds:

Change in accrual for compensated absences	<u>(135,188)</u>
--	------------------

<b>Change in Net Position of Governmental Activities</b>	<b><u>\$ 14,062,727</u></b>
--	-----------------------------

See accompanying notes to financial statements.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Entity

The City of Brentwood (the “City”), located in Williamson County, Tennessee, was incorporated May 13, 1969. The City operates under a City Manager-Commission form of government and provides the following services and facilities, as authorized by its charter: general administrative services, public safety (police and fire protection), roads and streets, parks and recreation, public library, community support, water and sewer utility services and emergency communications services.

The financial statements of the City have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) applicable to governmental units, as prescribed by the Governmental Accounting Standards Board (“GASB”). The following is a summary of the significant accounting policies:

Reporting Entity

The accompanying financial statements present the government and its component unit, entity for which the government is considered to be financially accountable. The Brentwood Emergency Communications District (the “District”) was established in September 2002 and, in accordance with §24-52 of the Brentwood Municipal Code, the Board of Commissioners of the City of Brentwood, Tennessee shall act as the Board of Directors for the District and the City has operational responsibility. Blended component units, although legally separate entities, are, in substance, part of the government’s operations. Under GAAP, the District is presented as a separate fund in the proprietary fund statements. A separately audited financial statement is prepared for the Emergency Communications District and may be obtained by contacting the Finance Department (see page 18 for information).

As of June 30, 2017 and for the year then ended, the City had no discretely presented component units which were required to be included in these financial statements.

Government-wide and Fund Financial Statements

The government-wide financial statements, the statement of net position and the statement of activities, report information on all of the nonfiduciary activities of the City. For the most part, the effect of the interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Position presents the City’s non-fiduciary assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Net position is reported in three categories:

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

*Net investment in capital assets* consists of capital assets, net of accumulated depreciation and reduced by outstanding debt that is attributable to the acquisition, construction and improvement of those assets. Debt that was issued for capital purposes is not a part of the calculation of net investment in capital assets, until the proceeds have been used to acquire capital assets.

*Restricted net position* result from restriction placed on net position by external sources such as creditors, grantors and contributors, or imposed by law through constitutional provisions or enabling legislation.

*Unrestricted net position* consist of net position which do not meet the definition of the two proceeding categories.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flow. Property taxes are recognized as revenues in the year for which the City has legal title to the money. Grants and similar items are recognized as revenue as soon as all eligible requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period or up to one year for grant revenues. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when the payment is due.

Property taxes, intergovernmental revenues, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government, at which time it is recognized as revenue.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Debt Service Fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The *Capital Projects Fund* accounts for the acquisition, design and construction of the major capital improvement projects of the City other than improvements financed by the proprietary funds.

The City reports the following major proprietary funds:

The *Water and Sewer Fund* accounts for the activities of the water services department, which operates and maintains a water distribution and a sewer collection system for residents and businesses on a user charge basis. All activities necessary to provide these services are accounted for in such a manner as to show a profit or loss similar to comparable private enterprises.

The *Municipal Center Fund* accounts for the rental operations of the Municipal Center.

The *Brentwood Emergency Communication District* provides for operation, maintenance, funding and enhancement of the City's existing emergency communications system.

*Internal Service Funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for health insurance and fuel costs. Because both of these services predominantly benefit governmental rather than business-type functions, the balance sheet of these funds has been included within governmental activities in the government-wide financial statements, with an internal due to/due from and corresponding net position allocation resulting from business-type activities.

The fiduciary fund accounts for assets held by the City in a trustee capacity or as an agent on behalf of others. Trust funds account for assets held by the government under terms of a formal trust agreement. The City reports the following fiduciary funds:

The *Postemployment Benefits Trust* was established in 2008 to accumulate and fund other postemployment benefits (predominantly retiree health and life insurance) for qualified employees based on minimum age and years of service as actuarially determined. Investments in the Postemployments Benefits Fund consist of diversified managed funds (see Notes 3 and 12).

The *Donations Held in Trust Fund* accumulates and maintains certain accounts funded through private donations, which include the Employee Assistance Trust, the Public Safety Employees Trust, Friends of the Library, the Historic Trust, and Concert Series.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's water and sewer function, and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported in the various functions concerned.

Amounts reported as program revenues include 1) charges to the customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's proprietary water and sewer and the municipal center funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. The principal operating revenues of the Emergency Communications District ("ECD") are emergency telephone service charges levied on residential and business service users. These fees are collected by the Tennessee Emergency Communications Board and remitted to the ECD. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Cash and Cash Equivalents

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term (original maturities of three months or less) certificates of deposit.

Statutes authorize the City to invest in: (1) U. S. Government securities and obligations guaranteed by the U. S. Government; (2) deposit accounts at state and federal chartered banks and savings and loan associations; and (3) the Local Government Investment Pool of the State of Tennessee. During the current fiscal year, the City invested funds that were not immediately needed in savings accounts and certificates of deposit. Deposits in financial institutions are required by State statute to be secured and collateralized by the institutions. The collateral must meet certain requirements and must have a total minimum market value of 105% of the value of the deposits placed in the institutions less the amount protected by federal depository insurance. Collateral requirements are not applicable for financial institutions that participate in the State of Tennessee's collateral pool.

Receivables

All trade and property tax receivables are shown net of an allowance for uncollectible accounts.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Interfund Receivables/Payables

During the year, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables, if any, are classified as “due to/from other funds.” Other activities between funds that are representative of lending or borrowing arrangements outstanding at the end of the fiscal year are referred to as “due to/from other funds.”

Inventories of Supplies and Prepaid Items

Inventories of supplies are valued at cost using the first-in first-out (“FIFO”) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Restricted Assets

Certain assets of the general fund, the drug special revenue fund and the capital projects fund are classified as restricted assets because their use is limited by applicable debt or other agreements. Additionally any unspent bond proceeds are included in this classification.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost. Donated capital assets, donated works of art or similar items, and capital assets received in service concession arrangements, if any, are recorded at their acquisition value.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets of the City are depreciated using the straight-line method over the following estimated useful lives:

Buildings	40 - 50 years
Improvements other than buildings	10 - 20 years
Utility plant in service	30 - 50 years
Machinery, equipment and vehicles	5 - 20 years
Computer equipment and software	3 - 5 years
Road system infrastructure	10 - 45 years
Sidewalks	30 years
Bridges	60 years

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Compensated Absences

The City's policy permits employees to accumulate earned but unused annual (vacation) leave and sick days. Annual leave days may accumulate to a maximum of 30 days for employees with up to 5 years of service, 45 days for employees with up to 20 years of service, and 60 days for employees with 20 or more years of service. There is no maximum number of sick days which may be accumulated. Upon termination, employees receive payment for accumulated annual leave days. Employees who leave employment with at least 20 years of service and are at least age 55 are paid for a portion of their accumulated sick days depending on their date of hire. In addition, the City Manager has the authority to pay employees who resign from employment of the City up to 50% of the accrued sick days up to a maximum payment of 30 days.

All annual leave is accrued when incurred in the government-wide and proprietary financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee terminations or retirements. The liability will be liquidated from the general fund, the water and sewer fund and the emergency communications district.

Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issue costs are expensed in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Governmental Fund Equity Classification

In the governmental fund financial statements, the City has established and will maintain reservations of fund balance, as defined herein, in accordance with Governmental Accounting and Financial Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB-54). The main objectives of this standard are to improve, including the understandability, the usefulness of fund balance information by providing clear fund balance classifications, and clarify the definition of existing governmental fund types.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

This policy shall only apply to the City's governmental funds. Fund balance shall be composed of the following fund types:

- *Nonspendable* - Amounts that cannot be spent because they are either in a (a) nonspendable form, including items not expected to be converted to cash (i.e. inventories, prepaid amounts, long-term portion of loans and notes receivable and property acquired for resale), or (b) legally or contractually required to be maintained intact (i.e. the principal of a permanent fund).
- *Restricted* - Amounts constrained to be used for a specific purpose as per external parties, constitutional provision, or enabling legislation.
- *Committed* - Amounts constrained to be used for a specific purpose as per formal action by the Board of Commissioners, through ordinance. Amounts classified as committed are not subject to legal enforceability like restricted resources; however, they cannot be used for any other purpose unless the Board of Commissioners remove or change the commitment by taking the same action it employed to impose the commitment.
- *Assigned* - Amounts intended to be used by the City for a specific purpose, but are neither restricted nor committed. The intent shall be expressed by the Board of Commissioners or a designee authorized by the Board of Commissioners, such as the City Manager or Finance Director, for a specific purpose in accordance with the fund balance policy established by the Board of Commissioners. The nature of the actions necessary to remove or modify an assignment is not as rigid as required under a committed fund balance classification.
- *Unassigned* - Amounts available for any purpose (amounts that are not nonspendable, restricted, committed, or assigned) in the General Fund, as well as negative fund balance of other funds, if any.

The restricted fund balances consist of the following:

- *State Street Aid Fund* - This fund is restricted by State law for use in construction and maintenance of city streets and certain related street expenditures. Streets are defined as streets, highways, avenues, boulevards, public owned right-of-ways, bridges, tunnels, public parking areas, and other public ways dedicated to public use.
- *Drug Fund* - This fund is restricted under State law for the enforcement of the drug laws, drug education programs, drug treatment and non-recurring general law enforcement expenditures.
- *Public Works Fund* - This fund was established by the Tennessee General Assembly in 1987 by a Private Act and is restricted for use in construction of transportation infrastructure associated with the demands from new development.
- *Adequate School Facilities* - This fund was established by the Tennessee General Assembly in 1987 by a Private Act and is restricted for the purpose of providing public facilities and related capital improvements associated with new residential development. The tax is collected by Williamson County and distributed to the cities in the county on a per capita basis.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Restricted fund balances may also result from unspent bond proceeds.

Fund balances classified as committed are as follows:

- *Debt Service Fund* - This fund is committed by the Board of Commissioners as set forth in the annual budget (and any amendments thereto) for the payment of the general obligation debt service of the City other than Water and Sewer debt. The City also strives to maintain a fund balance in the Debt Service Fund equal to one year's general obligation debt service requirement.
- *Capital Projects Fund* - This fund is committed by the Board of Commissioners as set forth in the annual budget (and any amendments thereto) for expenditures associated with the acquisition, design, and construction of the major capital improvements and other long range projects other than improvements financed by the proprietary funds such as the Water and Sewer Fund.

The City does not report or anticipate reporting an assigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it shall be the policy of the City to use the restricted amounts first as permitted under the law. When the expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it shall be the policy of the City to use the committed amounts first, followed by the assigned amounts and then unassigned amounts.

The City will maintain a minimum unassigned fund balance for the General Fund in excess of forty percent (40%) of annual operating expenses for this fund. Such fund balance shall serve cash flow needs, protect against unforeseen emergencies and enhance the credit worthiness of the City.

Compliance with the provisions of this policy shall be reviewed as part of the closing of the financial records at year-end (June 30) and the amounts of restricted, committed, assigned, and nonspendable fund balance will be determined. Any residual general fund balance amounts will be classified as unassigned.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has the following items that qualify for reporting in this category: (1) deferred charge on bond refundings resulting from the difference in the carrying amount of refunded debt and its requisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt; (2) deferred outflows of resources relating to pensions may result from differences between expected and actual actuarial experience, differences between expected and actual investment earnings of the pension plan, certain changes in actuarial assumptions, and amounts of employer contributions to the pension plan made subsequent to the measurement date.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

The City has the following types of deferred inflows of resources: the unavailable revenue reported in the governmental funds balance sheet, which arises under a modified accrual basis of accounting, represents amounts that are deferred and recognized as an inflow of resources in the periods that the amounts become available. These amounts relate primarily to unavailable property taxes and other receivables not within the collection period. The deferred inflows of resources reported in the statement of net position, arises from imposed nonexchange revenues (property taxes) which are assessed prior to the end of the fiscal year, but levied in the subsequent year. Pension related deferred inflows of resources may result from actuarial gains related to the difference between expected and actual experience for the plan's adopted economic and demographic assumptions and differences between expected and actual earnings on plan investments.

Property Taxes

The City's property tax is levied for the current fiscal year each October 1 on the assessed value listed as of the prior January 1 for all real and personal property located in the City's legal boundaries. Property taxes are secured by a statutory lien effective as of the original assessment date of January 1 and as such an enforceable legal claim to the subsequent fiscal year levy exists at year end.

Assessed values are established by the State of Tennessee at the following rates of appraised market value:

Public utility property	55%
Industrial and commercial property:	
Real	40%
Personal	30%
Residential, agricultural, home belt, forest and farm property	25%

Taxes were levied at the rate of \$.36 per \$100 of assessed valuation for the year ended June 30, 2017.

Payments may be made during the period from October 1 through February 28 and property taxes are delinquent on March 1. Current tax collections of \$11,322,275 were reported as revenue for the year ended June 30, 2017, and were approximately 98.4% of the tax levy.

Of the \$12,066,797 property taxes receivable, \$11,834,453 represents the estimated 2017 property taxes to be billed October 2017. This receivable is reported in the Balance Sheet - Governmental Funds with offsetting deferred inflow of resources for the amounts not available at June 30, 2017. Amounts available at June 30, 2017 have been recorded as revenue in the governmental fund statements.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's participation in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System ("TCRS"), and additions to/deductions from the City's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan of TCRS. Investments are reported at fair value.

Use of Estimates

The preparation of the City's Consolidated Annual Financial Report ("CAFR") in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

Prior to May 15 of each year, the City Manager formally submits to the Board of Commissioners a proposed operating budget for the fiscal year commencing the following July 1. Public hearings are conducted by the Board of Commissioners to obtain citizen comments on the budget. Prior to June 30, the budget is legally enacted through passage of an ordinance. Annual appropriated budgets for the general fund, special revenue funds, non-major capital projects funds from restricted resources and debt service funds are adopted on a basis consistent with GAAP. Budgeted amounts shown are those originally adopted, as well as the final budgets which reflect amendments by the Board of Commissioners.

Total expenditures for each of these funds may not exceed the total amount appropriated in the budget ordinance. The City Manager is authorized to transfer budgeted amounts between departments within an individual fund; any revisions that alter the total appropriations for any fund must be approved through the passage of an ordinance by the Board of Commissioners. All annual appropriations lapse at year end.

Excess Expenditures

During fiscal year 2017, as approved by the City Commission, the City entered into an Interlocal Agreement and made a \$2,000,000 expenditure from the Adequate School Facilities fund to Williamson County Schools. The funds will be used for improvements to schools in Brentwood.

For the year ended June 30, 2017, expenditures did not exceed appropriations in any other fund.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 3 - DEPOSITS AND INVESTMENTS

Cash Deposits and Certificates of Deposit

The City's cash and cash equivalents at June 30, 2017 were held by financial institutions which participate in the bank collateral pool administered by the Treasurer of the State of Tennessee. Participating banks determine the aggregate balance of their public fund accounts for the City. The amount of collateral required to secure these public deposits must be equal to 105% of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the State Treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each individual account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

Custodial risk is the risk that, in the event of a bank failing, the City's deposits may not be returned. The City minimizes this risk by requiring full collateralization on all demand deposit accounts, including checking accounts and non-negotiable certificates of deposit, except when the institution issuing the certificate of deposit belongs to the State of Tennessee Bank Collateral Pool. As of June 30, 2017, the City's deposits were fully insured or collateralized.

A reconciliation of cash and cash equivalents and investments as shown on the statement of net position follows:

Carrying amount of deposits	\$104,918,894
Investments – certificates of deposit	-
Cash on hand	<u>1,204</u>
Total	<u>\$104,920,098</u>
Cash and cash equivalents	\$104,058,207
Cash and cash equivalents - restricted	<u>861,891</u>
Total	<u>\$104,920,098</u>

A summary of the City's policies for interest rate risk and credit risk are as follows:

*Credit Risk* - The City will minimize credit risk, which is the risk of loss due to the failure of the investment issuer or backer, by:

- Limiting the portfolio to the types of investments pursuant to TCA 6-56-106.
- Pre-qualifying the financial institutions with which the City will do business.
- Diversifying the investment portfolio so that the impact of potential losses from any one type of security or from any one individual issuer will be minimized.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 3 - DEPOSITS AND INVESTMENTS - Continued

*Interest Rate Risk* - The City will minimize interest rate risk, which is the risk that the market value of investments in the portfolio will fall due to changes in market interest rates, by:

- Structuring the portfolio to meet the cash requirements of ongoing operations, thereby mitigating the need to liquidate investments at a loss prior to maturity;
- Investing operating funds primarily in shorter-term investments, money market mutual funds, CDs or similar investment pools and limiting the average maturity of the portfolio in accordance with this policy.

Investments of Postemployment Benefits Trust Fund

The Postemployment Benefits Trust Fund holds investments that are measured at fair value on a recurring basis. Investing is a key part of the Fund's activities. The City categorizes its fair value measurements for this Fund within the fair value hierarchy established by generally accepted accounting principles. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices for identical assets in active markets that can be accessed at the measurement date (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GASB 72 are described as follows:

- **Level 1** - Inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.
- **Level 2** - Inputs include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability like interest rates and yield curves observable at commonly quoted intervals, implied volatilities, or credit spreads; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified term, the level 2 must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Descriptions of the valuation methodologies used for each category of investment measured at fair value are listed as they appear in the fair value table.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 3 - DEPOSITS AND INVESTMENTS - Continued

The City has the following recurring fair value measurements as of June 30, 2017:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Diversified Managed Funds:				
Bond Index Fund	\$1,357,479	\$ -	\$1,357,479	\$ -
Balanced Asset Allocation Funds	<u>7,552,491</u>	<u>-</u>	<u>7,552,491</u>	<u>-</u>
	<u>\$8,909,970</u>	<u>\$ -</u>	<u>\$8,909,970</u>	<u>\$ -</u>

All of the City's investments in the Postemployment Benefits Trust Fund are held in diversified funds managed by ICMA-RC. The daily value of each fund is determined at the close of each business day by adding the value of all of the fund's investments, plus cash and other assets, deducting liabilities, and dividing by the outstanding units in the fund.

NOTE 4 - CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2017, was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>

Total Transfers	<u>\$ 2,950,000</u>	<u>\$ 8,155,000</u>	<u>\$ 484,700</u>	<u>\$ 11,589,700</u>

Interfund revenues and expenses for the year ended June 30, 2017, included the following:

- Payment of rental fees for fire hydrant usage totaling \$100,000 by the general fund to the water and sewer enterprise fund. Such amount is included in public safety expenditures reported by the general fund and other operating revenues reported by the water and sewer enterprise fund for the year.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 5 - INTERFUND TRANSACTIONS – Continued

- The general fund and Emergency Communications District also paid the municipal center enterprise fund rents totaling \$610,000 and \$31,800, respectively, for the year ended June 30, 2017 for its use of the Municipal Center Building. Such amounts are included in the general government expenditures reported by the general fund and operating revenues reported by the municipal center enterprise fund for the year.
- The water and sewer enterprise fund paid the general fund \$125,000 and \$90,000 for its space at the City's Service Center and GIS Mapping Fee, respectively, for the year ended June 30, 2017. Such amount is included in uses of money and property reported by the general fund and in operating expenses reported by the water and sewer enterprise fund for the year.
- The water and sewer fund and Emergency Communications District contributed a total of \$91,248 (\$67,380 and \$23,868, respectively) to the Postemployment Benefits Trust Fund for retiree benefits for the year ended June 30, 2017. These amounts are included in expenditures for the respective funds. The general fund transferred \$649,140 from the current year contributions to the Postemployment Benefits Trust for the year ended June 30, 2017 (see Note 12).

NOTE 6 - LONG-TERM LIABILITIES

During the year ended June 30, 2017, the changes in long-term liabilities were as follows:

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 6 - LONG-TERM LIABILITIES - Continued

**Business-type Activities Debt - Continued:**

\$860,000 2017 General Obligation Public Refunding Bonds due in increasing annual installments through September 1, 2017, at varying rates of interest from 2.00% to 3.00%.	<u>860,000</u>
Total business-type activities debt	23,935,000
Unamortized premium	<u>407,973</u>
	<u>\$ 24,342,973</u>

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital projects. General obligation bonds and notes payable are direct obligations of the City for which the full faith and credit are pledged. These obligations are payable from the assessment of ad valorem taxes.

The Water and Sewer department issues revenue and tax bonds, which are collateralized by the revenues of the department. The department has also issued general obligation bonds to provide funds for the acquisition and construction of major water and sewer related capital projects. General obligation bonds are direct obligations of the City; however, water and sewer revenues have been pledged as payment on the obligation.

**Bond Refundings and Prepayments**

In fiscal year 2017 and in prior years, the City has refunded various bonds in order to take advantage of more favorable interest rates. The difference between reacquisition price and the net carrying amount of the refunded debt has been recorded as a deferred outflow of resources in the statement of net position and is amortized over the remaining life of the refunded debt.

During fiscal year 2017, the City issued \$3,890,000 in general obligation refunding bonds with interest rates of 2.0% to 3.0%. The proceeds were used to advance refund \$2,940,000 of outstanding general obligation bonds, Series 2007, maturing on and after March 1, 2019, and to refund on a current basis \$865,000 of water and sewer revenue bonds, Series 2006. The outstanding Series 2006 and 2007 bonds carried interest rates of 3.75% to 3.85%.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 6 - LONG-TERM LIABILITIES - Continued

Net proceeds of the refunding totaled \$3,882,551 (including a \$62,745 premium and after payment of \$70,194 in issuance costs). Sufficient proceeds were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service payment on the Series 2007 refunded bonds. As a result, the 2007 general obligation bonds maturing on and after March 1, 2019 are considered defeased and the liability for those bonds has been removed from the statement of net position. Remaining proceeds along with amounts contributed by the City, were used to refund the Series 2006 bonds on a current basis in February 2017. The difference between the reacquisition price and the net carrying amount of the refunded debt was not significant. The City refunded the Series 2006 and 2007 bonds to reduce its total debt service payments by approximately \$321,700 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of approximately \$270,000. As of June 30, 2017, \$2,940,000 of bonds relating to the 2017 refunding are considered to be defeased.

Total defeased debt as of June 30, 2017, including the 2017 refunding and prior bond refunding transactions, was \$11,665,000.

During December 2016, the City prepaid, from its existing resources, the outstanding debt service balance due on its general obligation refunding bonds, Series 2006, maturing September 1, 2017 through September 1, 2021. The prepayment totaled \$1,599,571, including \$1,580,000 of outstanding bond principal.

Debt Service Requirements

The annual debt service requirements to maturity for all long-term obligations outstanding as of June 30, 2017, are as follows:

Year	Governmental Activities		Business-type Activities		Total	
	Bonds		Bonds			
	Principal	Interest	Principal	Interest	Principal	Interest
2018	\$ 2,085,000	\$ 505,000	\$ 1,830,000	\$ 592,593	\$ 3,915,000	\$ 1,097,593
2019	1,820,000	474,932	1,655,000	554,594	3,475,000	1,029,526
2020	1,865,000	420,207	1,700,000	509,069	3,565,000	929,276
2021	1,490,000	375,044	1,750,000	472,451	3,240,000	847,495
2022	1,530,000	342,400	1,550,000	435,001	3,080,000	777,401
2023-2027	7,380,000	1,185,947	8,325,000	1,630,341	15,705,000	2,816,288
2028-2032	4,170,000	426,059	6,695,000	567,926	10,865,000	993,985
2033-2034	635,000	24,094	430,000	16,313	1,065,000	40,407
Totals	<u>\$ 20,975,000</u>	<u>\$ 3,753,683</u>	<u>\$ 23,935,000</u>	<u>\$ 4,778,288</u>	<u>\$ 44,910,000</u>	<u>\$ 8,531,971</u>

In December 2017, the City entered into a refunding transaction relating to its Series 2010 general obligation water and sewer debt and its Series 2011 general obligation debt. See further information in Note 17 regarding the related impact on the debt service schedule above.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 7 - DEFERRED OUTFLOWS (INFLOWS) OF RESOURCES

Deferred outflows (inflows) of resources consist of the following at June 30, 2017:

	Governmental Activities	Business-Type Activities
<u>Deferred outflows of resources:</u>		
Advance refundings of debt	\$ 801,919	\$ 534,817
Pensions	4,032,140	526,475
	<u>\$ 4,834,059</u>	<u>\$ 1,061,292</u>
 <u>Deferred inflows of resources:</u>		
Property taxes:		
2017 estimated levy	\$ 11,834,453	\$ -
Estimated 2017 Hall Income tax	750,000	-
Other	66,248	-
Pensions	772,799	104,364
	<u>\$ 13,423,500</u>	<u>\$ 104,364</u>

The governmental funds (General Fund) also report deferred inflows of resources relating to delinquent property taxes of \$181,610.

NOTE 8 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City maintains insurance coverage through the Tennessee Municipal League Risk Management Pool (the "TML Pool"), covering each of those risks of loss. The TML Pool is a cooperative risk sharing arrangement between local government agencies that works in many ways like a traditional insurer. The City pays a premium, receives coverage, and can make claims against that coverage. The City meets the TML Pool's guidelines and complies with its rules and regulations, including loss control requirements as well as its underwriting standards. Rates of the TML Pool are actuarially projected to provide adequate funding to cover loss reserves and expenses, as well as building contingency reserves. Management believes such coverage is sufficient to preclude any significant uninsured losses to the City. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

Beginning with calendar year 2010, the City modified its fully insured employee group health insurance plan to include a high-deductible (\$5,000) and high max out-of-pocket (\$6,500) plan coupled with a City-funded Health Reimbursement Arrangement ("HRA"). The HRA was implemented to effectively limit the employee deductible and max out-of-pocket to \$1,000 (\$2,000 for dependent coverage). The City established the Insurance Fund, which functions as an internal service fund, to account and finance its HRA claims obligations and insurance premiums related to employee health and vision insurance coverage.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 8 - RISK MANAGEMENT - Continued

Effective January 1, 2011, the City terminated its fully insured employee group health insurance plan, and established a partially self-funded insurance plan coupled with a the existing city funded HRA. Under the partially self-funded insurance plan, which is administered by Blue Cross Blue Shield of Tennessee, the City is liable through the HRA for up to \$5,500 of the first \$6,500 of individual employee claims with the employee being liable for up to \$1,000 out of pocket. The City then assumes liability for additional individual medical claims up to \$70,000. To help mitigate losses from high-dollar medical claims beyond the HRA combined City and employee liability of \$75,500 and the employee's out of pocket maximum of \$1,000 (total of \$76,500 funded amount), the City purchased catastrophic insurance coverage plans for Specific Stop Loss and Aggregate Stop Loss coverage. Specific Stop Loss coverage limits the City's potential liability for individual catastrophic claims by covering all costs for an individual member once those costs exceed \$70,000 over and above the HRA funded amount and employee out of pocket maximum. Aggregate stop loss coverage caps the City's liability for all claims in the entire plan at an agreed upon dollar amount. In calendar year 2017, the aggregate stop loss threshold is \$3.12 million.

Revenues of the fund include budgeted amounts from each City fund with personnel assigned to it, as well as employee payroll deductions from those employees who elect to cover dependents under the City's plan. Expenses of the fund include premium costs of for the City's stop-loss coverage, administrative fees charged by Blue Cross Blue Shield, HRA claims expenses, and medical claim expenses from the partially self-funded health plans and fully insured vision plans. Other expenses include the CareHere Clinic and healthcare consultant services. The HRA and partially self-funded plans are administered by Blue Cross/Blue Shield and the City is invoiced weekly for such claims. HRA liabilities also include an amount for claims that have been incurred prior to June 30, 2017, but not reported ("IBNRs").

A change in the balances of claims liabilities during the current and prior fiscal years are as follows:

	<u>2017</u>	<u>2016</u>
Unpaid claims, beginning of fiscal year	\$ 308,603	\$ 80,553
Incurred claims	2,726,925	2,692,756
Claim payments	<u>(2,838,509)</u>	<u>(2,464,706)</u>
Unpaid claims, end of fiscal year	<u>\$ 197,019</u>	<u>\$ 308,603</u>

The City continues to carry commercial insurance for other risks of loss, including general liability, property and casualty, and workers' compensation. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The City subject to lawsuits and claims, including various tort claims and employment-related items. The City is the plaintiff in several eminent domain matters in which the property owners dispute the amount offered by the City as compensation for certain property rights. Although the outcome of these claims and lawsuits is not presently determinable, it is the opinion of the City's legal counsel that resolution of these matters will not have a material adverse effect on the City's financial position. No other provision for any liability resulting from such litigation has been made in the accompanying financial statements.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 9 - CONTINGENT LIABILITIES

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could result in disallowance of expenditures, management believes that expenditures have been made in accordance with the agreements and any required reimbursements would not be significant. Accordingly, no provision has been made for any potential reimbursements to grantors.

NOTE 10 - RECONCILIATION OF BUDGETARY EXPENDITURES PER GENERAL FUND TO STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE - GOVERNMENTAL FUNDS

For the budget ordinance, the City budgets separately for two funds previously reported as special revenue funds, but no longer meet the definition of special revenue funds for financial reporting under GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The following schedule presents a summary of the differences in the Statement of Revenues, Expenditures and Change in Fund Balance - Governmental Funds and Budget to Actual General Fund, to show how the two statements agree in total change in fund balance:

	Governmental Funds (p. 23)	General Fund Budget to Actual (p. 25 - 31)	Difference
REVENUES			
Charges for services	344,126	421,224	(77,098)
Intergovernmental	9,717,582	9,520,793	196,789
Uses of money and property	676,794	561,998	114,796
Other	101,396	259,087	(157,691)
EXPENDITURES			
General government	6,854,639	6,955,042	100,403
Public safety	14,074,463	14,559,402	484,939

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

**NOTE 11 - DEFERRED COMPENSATION PLANS**

The City of Brentwood offers its employees deferred compensation plans created in accordance with Internal Revenue Code Section 457 and 401(a). The plans, available to all full-time City employees at their option, permit participants to defer a portion of their salary until future years. The deferred compensation is not available to participants until termination, retirement, death, or unforeseeable emergency.

The plan's investments are held in trust by ICMA Retirement Corporation and Nationwide Retirement Services.

Upon two years of full-time service, the City matches, on a dollar for dollar basis, a maximum of up to 3% of the employee's base salary into the 401(a) plan. The City's match for the year ended June 30, 2017 totaled \$286,339.

**NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS PLAN AND TRUST**

The following disclosure is provided under the requirements of GASB Statement No. 74 "Financial Reporting for Postemployment Benefit Plans Other than Pension Plans." The City's OPEB Plan is administered through a trust meeting the definition set forth in GASB No. 74. The OPEB Plan does not issue a separate financial statement, and accordingly, all disclosures are included in this comprehensive annual financial report of the City.

**Plan Description**

**Plan Administration**

The City administers a post retirement benefit plan, which is a single-employer defined benefit plan (the "OPEB Plan"). The OPEB Plan provides medical and life insurance benefits to eligible retirees and their spouses. The management of the OPEB Plan is vested in the City Commission. The benefit levels, employee contributions and employer contributions are governed by the City and can be amended by the City, through the Commission.

**Plan Membership**

Membership in the OPEB Plan consisted of the following at January 1, 2017, the date of the latest actuarial valuation:

Active employees	252
Retired employees	<u>24</u>
Total	<u>276</u>

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS PLAN AND TRUST - Continued

Benefits Provided

Employees are fully eligible for postretirement medical and life insurance once they reach the minimum age of 55 with 20 years of service with the City. For eligible employees hired prior to July 1, 2005 who are not eligible for health insurance coverage from or through another employer, the City pays the total cost for group health insurance coverage for the retired employee. The cost for health insurance coverage for the retired employee's eligible dependents, if any, who are themselves not yet age sixty-five (65) is the same as the cost for dependent coverage for active employees under the City's group health insurance plan. For eligible employees hired post July 1, 2005 who are not eligible for health insurance coverage from or through another employer, the City pays a share of the cost for group health insurance coverage for the retired employee based upon years of full-time service at the time of retirement. If the retiree elects to cover their eligible dependents, the retiree will be required to pay 100% of the additional cost for this dependent coverage. The retiree medical plan is assumed to be the primary plan of benefits prior to age 65. For eligible retirees who have reached age 65, and were hired prior to July 1, 2005, the City reimburses the cost of the Medicare supplement plan for the retiree. For those eligible retirees who have reached age 65, were hired prior to July 1, 2005 and retired after July 1, 2002, the City's reimbursement of the cost of a Medicare supplement plan is limited to the actual cost of the supplemental policy or 40% of the established monthly COBRA rate for employee only group health insurance coverage under the lowest priced group plan for current employees, whichever amount is less.

Funding Policy and Contributions

The contribution requirements are established and may be amended by the Board of Commissioners. The required contribution is based on an actuarial valuation utilizing the entry age normal method. During 2008, the City prefunded a trust account, administered by ICMA Retirement Corporation, in the amount of \$2,260,000, which included the 2008 annual required contribution of \$598,000, less amounts paid as premium benefits. The prefunding will reduce the annual required contribution in future years. For fiscal year 2017, the City's General Fund, Water and Sewer Fund and Emergency Communications District collectively contributed \$740,388 to the Trust and withdrew \$494,941 to pay benefits. All contributions were made by the employer (no contributions by active or retired employees). Employer contributions are calculated as 5.57% of covered payroll for fiscal year 2017.

**Investments**

Investment Policy

The City's policy in regard to the allocation of invested assets is established and may be amended by the City Commission. The Commission has established an Investment Policy and Investment Allocation for the City's Other Postemployment Benefits Trust through Resolution 2006-72. Management and administrative responsibility for the investment program has been delegated by the Commission to the OPEB Investment Committee, consisting of the City Manager, Assistant City Manager, Finance Director, and City Treasurer.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS PLAN AND TRUST - Continued

In accordance with the Investment Policy, the City shall pursue an investment strategy to provide sufficient return to meet the current and future OPEB benefit cash flow demands, while conforming to all state statutes governing the OPEB dedicated trust funds. Additionally, the primary objectives, in order of priority, shall be: 1) Legality - conformance to the federal, state, and other legal requirements; 2) Safety - preservation of capital and protection of investment principal; and 3) Yield - attainment of market rates of return.

The following is the adopted asset allocation policies for the OPEB Trust:

	<u>Target Allocation</u>	<u>Investment Mix</u>
Saving Oriented Portfolio	30%	75% bonds; 25% stocks
Conservative Growth Portfolio	40%	60% bonds; 40% stocks
Traditional Portfolio	30%	40% bonds; 60% stocks

The City, through ICMA Retirement Corporation invests in four diversified managed funds which in turn invest in a range of underlying investments.

Rate of Return

For the year ended June 30, 2017, the annual money - weighted rate of return on investments, net of investment expense, was 7.8%. The money - weighted rate of return expresses investment performance, net of investment expenses, adjusted for changing amounts actually invested.

**Net OPEB Liability of the City**

The components of the Net OPEB Liability of the City at June 30, 2017, were as follows:

Total OPEB liability	\$ 13,535,355
Plan fiduciary net position	<u>( 8,823,726)</u>
City's net OPEB liability	<u>\$ 4,711,629</u>
Plan fiduciary net position as a percentage of the total OPEB liability	65.19%

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of January 1, 2017, using the following actuarial assumptions, applied to all parties included in the measurement, unless otherwise specified:

Inflation	3.0%
Salary increases	4.0% per annum, average, including inflation
Investment rate of return	6.75%, net of expenses, including inflation
Healthcare cost trend rate	8.0% to grade uniformly to 5.0% over a 10 year period

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS PLAN AND TRUST - Continued

Mortality rates were based on the RP - 2014 Total DataSet Mortality Table, with adjustments back to 2006 with improvement Scale MP-2014 and then projected forward generationally with Scale MP-2016.

There has not been an experience study performed for the OPEB Plan.

The long-term expected rate of return on OPEB Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2017 (see the discussion of the OPEB investment policy) are summarized in the following table:

<u>Asset Class</u>	<u>Investment Mix</u>			<u>Long-Term Expected Real Rate of Return</u>
Core Bond Index	96% bonds,	0% stocks,	4% other	4.50%
Milestone Retirement	69% bonds,	26% stocks,	5% other	5.50%
Conservative Growth	60% bonds,	40% stocks,	0% other	6.15%
Traditional Growth	40% bonds,	60% stocks,	0% other	6.80%

Discount Rate

The discount rate used to measure the total OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB Plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current discount rate:

	<u>1% Decrease (5.75%)</u>	<u>Discount Rate (6.75%)</u>	<u>1% Increase (7.75%)</u>
Net OPEB liability	\$7,963,099	\$4,711,629	\$3,995,490

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS PLAN AND TRUST - Continued

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (7% decreasing to 4%) or 1-percentage-point higher (9% decreasing to 6%) over 10 years than the current healthcare cost trend rates:

	1% Decrease (7% decreasing to 4%)	Healthcare Cost Trend Rates (8% decreasing to 5%)	1% Increase (9% decreasing to 6%)
Net OPEB liability	\$3,629,931	\$4,711,629	\$8,478,625

\* \* \* \* \*

The following presents the City's employer reporting for the OPEB Plan as of June 30, 2017:

Annual OPEB Cost and Net OPEB Obligation (Asset)

Through June 30, 2017, the City's annual other postemployment benefits cost (expense) is calculated based on the annual required contribution of the employer ("ARC"), an amount that is actuarially determined in accordance with the parameters of GASB Statement No. 45. (See information regarding the City's implementation of GASB Statement No. 75 in Note 18). The ARC represents the level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed, and changes in the City's net OPEB obligation (asset):

Annual required contribution	\$ 750,750
Interest on net OPEB obligation	( 118,063)
Adjustment to annual required contribution	<u>107,701</u>
Annual OPEB cost	740,388
Contributions made	<u>( 740,388)</u>
Increase in net OPEB obligation	-
Net OPEB obligation (asset) - beginning of year	<u>(1,749,078)</u>
Net OPEB obligation (asset) - end of year	<u><u>\$(1,749,078)</u></u>

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS PLAN AND TRUST - Continued

The City's annual OPEB cost, the percentage of annual OPEB cost contributed, and the net OPEB obligation for 2017, and the two preceding years were as follows:

<u>Year Ended June 30,</u>	<u>Annual OPEB Cost</u>	<u>Percentage of OPEB Cost Contributed</u>	<u>Net OPEB Obligation (Asset)</u>
2017	\$740,388	100%	\$(1,749,078)
2016	707,480	100%	(1,749,078)
2015	599,580	100%	(1,749,078)

Funded Status and Funding Progress

As of January 1, 2016, the actuarial valuation date for fiscal year 2017, the plan was 63.4% funded. The actuarial accrued liability for benefits was \$13,858,820, and the actuarial value of assets was \$8,781,184 resulting in an unfunded actuarial accrued liability ("UAAL") of \$5,077,636. The covered payroll (annual payroll of active employees covered by the plan) was \$13,248,356 and the ratio of the UAAL to the covered payroll was 38.3%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedules of funding progress, presented as required supplemental information following the notes to the financial statements, present multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the actuarial valuation, the entry age normal method was used. The actuarial assumptions included a 6.75% investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 8% initially, reduced by decrements to an ultimate rate of 5% after six years. Both rates include a 3% inflation assumption. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a three-year period. The UAAL is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at June 30, 2017 was twenty years.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 13 - EMPLOYEE RETIREMENT SYSTEM AND PENSION PLAN

**General Information about the Pension Plan**

Plan Description

Employees of the City are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at [www.treasury.tn.gov/tcrs](http://www.treasury.tn.gov/tcrs).

Benefits Provided

Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available at age 55 and vested.

Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments ("COLAs") after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index ("CPI") during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Employees Covered by Benefit Terms

At the measurement date of June 30, 2016, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries	
currently receiving benefits	82
Inactive employees entitled to but	
not yet receiving benefits	203
Active employees	<u>236</u>
	<u>521</u>

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 13 - EMPLOYEE RETIREMENT SYSTEM AND PENSION PLAN – Continued

Contributions

Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. The City had previously adopted a noncontributory retirement plan for its employees by assuming employee contributions up to 5% of annual covered payroll. As of January 1, 2010, the City has elected to discontinue the non-contributory provision for all future hires. This will require all new hires to contribute 5% of eligible compensation. Employees who were employed prior to January 1, 2010 will continue to be eligible for noncontributory provision. The City makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2017, employer contributions for the City were \$2,807,452 based on a rate of 19.00% (public safety) and 16.50% (general government) of covered payroll. The actuarially determined contribution rates for fiscal year 2017 were 17.50% for public safety and 14.08% for general government; however, the City elected to contribute at the higher rates. By law, employer contributions are required to be paid. The TCRS may intercept the City's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contribution (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

**Net Pension Liability (Asset)**

The City's net pension liability (asset) was measured as of June 30, 2016, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The total pension liability as of June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0%
Salary increases	Graded salary ranges from 8.97% to 3.71% based on age, including inflation, averaging 4.25%
Investment rate of return	7.5%, net of pension plan investment expenses, including inflation
Cost-of-living adjustment	2.5%

Mortality rates were based on actual experience from the June 30, 2012 actuarial experience study adjusted for some of the expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2016 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 13 - EMPLOYEE RETIREMENT SYSTEM AND PENSION PLAN – Continued

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding inflation of 3%. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Target Allocation</u>
U.S. equity	6.46%	33%
Developed market international equity	6.26%	17%
Emerging market international equity	6.40%	5%
Private equity and strategic lending	4.61%	8%
U.S. fixed income	0.98%	29%
Real estate	4.73%	7%
Short-term securities	0.00%	<u>1%</u>
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5% based on a blending of the three factors described above.

Discount Rate

The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the City will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate

The following presents the net pension liability (asset) of the City calculated using the discount rate of 7.5%, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
City's net pension liability (asset)	\$7,230,976	\$(247,450)	\$(6,440,238)

**Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

Pension Expense

For the year ended June 30, 2017, the City recognized pension expense of \$792,899.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 13 - EMPLOYEE RETIREMENT SYSTEM AND PENSION PLAN - Continued

Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2017, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$877,163
Net difference between projected and actual earnings on pension plan investments	1,751,163	-
Contributions subsequent to the measurement date of June 30, 2016	<u>2,807,452</u>	<u>-</u>
Total	<u>\$4,558,615</u>	<u>\$877,163</u>

Employer contributions subsequent to the measurement date will be recognized as a reduction of the pension liability in fiscal year 2018. Other amounts reported as deferred outflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2018	\$( 89,170)
2019	( 89,170)
2020	623,126
2021	452,237
2022	( 23,023)
Thereafter	-

In the table shown above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

**Payable to the Pension Plan**

At June 30, 2017, the City had a payable relating to contributions to the Plan required for the year ended June 30, 2017, totaling \$299,342.

**Allocation of Pension Related Activity**

The Pension related activity has been allocated to the governmental activities and respective business-type activities by use of an allocation ratio of the fiscal year 2016 pension contributions. A summary of the pension related activity follows:

	<u>Governmental Activities</u>	<u>Business-Type Activities</u>
Net Pension Liability (Asset)	\$( 218,227)	\$( 29,223)
Deferred Inflows	772,799	104,364
Deferred Outflows	4,032,140	526,475

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 14 - COMMITMENTS

Construction commitments amounting to approximately \$8,140,000 and \$4,030,000 were outstanding as of June 30, 2017, for governmental activities and business-type activities (Water and Sewer Fund), respectively.

NOTE 15 - ECONOMIC DEPENDENCY

The City, through its water and sewer enterprise fund, purchases water from the Metropolitan Government of Nashville and Davidson County and Harpeth Valley Utilities District. All of its sewage is treated by the Metropolitan Government of Nashville and Davidson County.

NOTE 16 - TAX ABATEMENT

The City has entered into a payment in lieu of taxes agreement with Williamson County, Tennessee, the Industrial Development Board of Williamson County, Tennessee, and a company located within the City. The agreement was made under the provisions of Tennessee Code Annotated sections 4-17-301 et seq. and 7-53-101 et seq .

Under the agreement, the City abates a portion of the property taxes otherwise payable by the company for a ten-year period and the company maintains its head-quarters within the City. The company also committed to certain full time equivalent employee levels. The City's portion of the abatement cannot exceed \$37,500 annually and \$375,000 in the aggregate. For the fiscal year ended June 30, 2017, the City abated property taxes totaling \$37,500. Future abatements are expected to be \$262,500 over the remainder of the agreement.

NOTE 17 - SUBSEQUENT EVENT - BOND REFUNDING

On December 7, 2017, the City issued \$5,535,000 General Obligation Refunding Bonds, Series 2017A with interest rates of 2.5% to 4.0%. Proceeds from the bonds were used to advance refund \$3,530,000 outstanding water and sewer improvement bonds, Series 2010, maturing on March 1, 2026 through March 1, 2031 and \$2,035,000 outstanding general obligation bonds, Series, 2011 maturing on September 1, 2025 through September 1, 2031. The outstanding Series 2010 and 2011 bonds carried interest rates of 3.0% to 4.0%. Proceeds from the refunding totaled \$5,887,016 (including \$465,520 in bond premium and after payment of \$113,504 in issuance costs). Sufficient proceeds were deposited in an irrevocable trust with an escrow agent to provide for the future debt service on the Series 2010 and 2011 bonds. The City refunded the Series 2010 and 2011 bonds to reduce its total debt service payments by approximately \$319,200 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of approximately \$230,000.

CITY OF BRENTWOOD, TENNESSEE  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2017

NOTE 17 - SUBSEQUENT EVENT - BOND REFUNDING - Continued

The following is the debt service relating to the Series 2017A bonds:

Year	2017A G.O. Refunding Bonds	
	Principal	Interest
2018	\$ -	\$ 41,003
2019	-	175,725
2020	-	175,725
2021	-	172,725
2022	-	172,725
2023	-	172,725
2024	-	172,725
2025	-	172,725
2026	800,000	159,725
2027	825,000	127,225
2028	865,000	93,425
2029	890,000	65,000
2030	910,000	42,500
2031	930,000	19,500
2032	315,000	3,937
	<u>\$ 5,535,000</u>	<u>\$ 1,767,390</u>

NOTE 18 - RECENT ACCOUNTING PRONOUNCEMENTS

City adopted GASB Statement No. 74, "Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans," effective for fiscal year 2017. The requirements of this Statement improve financial reporting primarily through enhanced note disclosures and schedules of required supplementary information presented by OPEB plans that are administered through trusts that meet the specified criteria. The net OPEB liability information, including ratios, offer an indication of the extent to which the total OPEB liability is covered by the fiduciary net position of the OPEB plan. The new information provides measures of net OPEB liabilities and explanations of how and why those liabilities changed from year to year. In addition, new information about rates of return on OPEB plan investments inform financial report users about the effects of market conditions on the OPEB plan's assets over time and provide information for users to assess the relative success of the OPEB plan's investment strategy and the relative contribution that investment, where applicable, earnings provide to the OPEB plan's ability to pay benefits to plan members when they come due.

The City will adopt GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions," effective for fiscal year 2018. The primary objective of this Statement is to improve accounting and financial reporting for postemployment benefits other than pensions. This Statement establishes standards for recognizing and measuring liabilities, deferred outflows and inflows of resources, and expense/expenditures. For defined benefit OPEB, this Statement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. Note disclosure and required supplementary information requirements about defined benefit OPEB also are addressed. Management is currently in the process of determining the impact of this Statement.

STATEMENTS AND SCHEDULES**

**City of Brentwood**

CITY OF BRENTWOOD, TENNESSEE

**NONMAJOR GOVERNMENTAL FUNDS**

**Special Revenue Funds**

State Street Aid Fund - This fund accounts for all revenue and expenditures from the City's share of state gasoline taxes. Tennessee state law requires these receipts be kept in a separate fund and used for the construction and maintenance of city streets and certain related street expenditures.

Drug Fund - This fund accounts for funds received directly from the enforcement of laws associated with illegal drug activity. Under state law, the funds are to be used only for the enforcement of the drug laws and for the drug education programs of the Police Department.

**Non Major Capital Projects Funds**

Public Works Project Fund - This fund accounts for the collection and disbursement of funds for road improvements needed to meet the traffic demands created by growth in population and business. The funds are disbursed as available to pay for eligible road projects in the Capital Projects Fund.

Adequate Schools Facilities Fund - This fund accounts for all revenue and expenditures from the City's share of Williamson County's Adequate Schools Facilities Tax collections. The funds are to be used to provide public facilities associated with new development. Williamson County has requested that the funds provided to cities under this private act be used for public school improvements or used for City infrastructure improvements related to schools rather than for general municipal facilities.

## CITY OF BRENTWOOD, TENNESSEE

### **Internal Service Funds**

Fuel Fund - This fund accounts for all purchases of gasoline and diesel fuel used by the City. The funds are to be used to purchase fuel at market rates and allow the City's departments to purchase fuel at a set rate established at the beginning of each fiscal year. The purpose of the fund is to mitigate significant budgetary challenges that occur with rapid fluctuations in fuel costs.

Insurance Fund - This fund was created effective January 1, 2010 to centralize the payment of all health insurance related expenditures including group insurance premiums and the health reimbursement arrangement ("HRA") account. For fiscal year 2013, the fund was expanded to include workers compensation coverage. The goal of the fund is to eliminate the double digit growth in the cost of the group health insurance program that was prevalent under the traditional health insurance program through better management of claims and by assuming a calculated risk for direct reimbursement of claims cost through a partially self-insured program.

**NOTE 1 - BASIS OF PRESENTATION**

The Schedule of Expenditures of Federal Awards includes the federal grant activity of the City of Brentwood, Tennessee and is presented in accordance with the requirements of the State of Tennessee. Because this Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position or changes in financial position of the City.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The information reported in this Schedule is reported in accordance with accounting principles generally accepted in the United States of America, which is the same basis of accounting as the basic financial statements.

**NOTE 3 - STATE FINANCIAL ASSISTANCE**

The City did not have any direct state financial assistance for the year ended June 30, 2017.

**NOTE 4 - EQUITABLE SHARING PROGRAM**

Deferred amounts remaining on this award are included as Drug Fund restricted fund balance, as there is not a provision for repayment if not used, only restriction for use.

**NOTE 5 - DE MINIMUS INDIRECT COST RATE**

The City has elected not to use the 10-percent de minimus indirect cost rate.

## STATISTICAL SECTION

**City of Brentwood**

CITY OF BRENTWOOD, TENNESSEE

**STATISTICAL SECTION**

(Unaudited)

This part of the City of Brentwood's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

**CONTENTS**

**Financial Trends**

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.....	96 - 101
---	----------

**Revenue Capacity**

These schedules contain information to help the reader assess the factors affecting the City's ability to generate its property and sales taxes .....	102 - 108
---	-----------

**Debt Capacity**

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future. ....	109 - 112
--	-----------

**Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments. ....	113 - 114
---	-----------

**Operating Information**

These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs. ....	115 - 117
---	-----------

*Sources:* Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

<sup>(1)</sup> A prior period adjustment was posted to restricted governmental net position in 2008 in connection with the adoption of GASB Statement 45 for amounts previously transferred from governmental funds to Postemployment Benefits Fund resulting in overfunding upon implementation.

<sup>(2)</sup> GASB Statement No. 63 and 65 were implemented in FY 2013 and changed the name of governmental activities and business-type/proprietary fund net assets to net position. Additionally, these statements introduced the concept of deferred inflows of resources and deferred outflows of resources for items previously classified as assets and liabilities. These changes are applicable for fiscal years beginning in 2013.

<sup>(3)</sup> OPEB assets previously reported as restricted have been reclassified as a component of unrestricted net position beginning in 2013.

<sup>(4)</sup> A prior period adjustment was posted to unrestricted net position in connection with the adoption of GASB Statement No. 68 for pensions.

City Judge	Laurie Jewett	\$500,000

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Board of Commissioners  
City of Brentwood  
Brentwood, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Brentwood, Tennessee (the "City") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 18, 2017.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Crosslin, PLLC*

Nashville, Tennessee
