

## Information for Homeowners Working on Own Home

If you are a homeowner performing renovation, repair, or painting work in your own home, EPA's RRP rule does not cover your project. However, you have the ultimate responsibility for the safety of your family and/or children in your care. If you are living in a pre-1978 home and planning to do painting or repairs, please read a copy of EPA's Renovate Right: Important Lead Hazard Information for Families, Child Care Providers, and Schools (PDF) lead hazard information pamphlet (11 pp, 1.1 MB) / en Espanola (PDF) (11 pp, 2.4 MB). You may also want to call the National Lead Information Center at 1-800-424 LEAD (5323) and ask for more information on how to work safely in a home with lead-based paint.
