

Policies for City Athletic Facilities & Trail Use

General Conditions

Organizations, clubs, teams and/or other groups and individuals wishing to make use of City of Brentwood athletic facilities and trails shall be subject to the following guidelines and requirements.

The Recreation Services Coordinator for the Brentwood Parks and Recreation Department shall receive and review applications on an annual basis to designate the recognized Service Provider(s) for all athletic programming on City owned facilities. More than one Service Provider may be designated by the Parks and Recreation Department for any given sport.

Service Providers must be located within the Corporate City Limits of Brentwood and shall be required to meet the eligibility requirements and conditions as recommended by the Park Board and adopted by the Brentwood City Commission.

Each provider/user group must submit an official written request before the deadline of January 15th for the spring/summer sport activities and June 1st for the fall/winter sport activities. Failure to meet the deadline may result in the application being processed at a lower priority based upon availability and or request being denied.

Each provider/user group must complete the Brentwood Parks and Recreation Department's Facility Request Form.

All provider/user groups must submit a Certificate of Liability Insurance naming the City of Brentwood as an "Additional Insured" as defined in the Facility Request Form.

Each provider/user group will acknowledge a scheduling format for use of fields and submit certified copies of team rosters and game/practice schedules for approval. Lighted fields/courts are subject to specified hours of operation by the Brentwood Parks and Recreation Department. Lights must be off by 10:00PM unless approved otherwise by the Parks & Recreation Director or his designee.

Individuals wishing to hold reservations on a athletic facility or trail will be subject to the terms, conditions and fees as noted in the fee schedule as determined by the Brentwood Parks and Recreation Department. A complete listing of fees is available at the Brentwood Parks and Recreation Offices at 1750 General George Patton Drive, Brentwood.

Residency Requirements

The following guidelines will be used in assessing the residency requirement classifications for all Service Providers, organizations, clubs and other user groups.

75% of the organization must be comprised of Brentwood residents (within the Corporate City Limits), with no more than 15% out of county residents.

Official Service Providers for Teams ages 13-17

60% of the organization must be comprised of Brentwood residents (within the Corporate City Limits), with no more than 15% out of county residents.

Category I service providers will be assessed a fee of \$100 per season of play for each player living outside of Williamson County. Players living outside the city limits of Brentwood in Williamson County shall pay county player fee of \$50 for each season of play. Brentwood resident players shall not be required to pay a player fee as such costs are funded through City taxes.

Category II – Fee based usage of facilities (no more than 2 service providers per age division)

Official Service Providers for Teams 12 and under

The remaining positions may be filled by a combination of (non-Brentwood) Williamson County residents and out of county players. Individual age/gender group exemptions to the minimum percentage of Brentwood resident players may be approved by the Parks and Recreation Director on a case by case basis when verifiable data is provided by the organization to show that the total number of interested Brentwood participants is so limited as to preclude the fielding of teams within the age/gender group without a higher percentage of non-resident participants.

Individual age/gender group exemptions to the minimum percentage of Brentwood resident players may be approved by the Parks and Recreation Director on a case by case basis when verifiable data is provided by the organization to show that the total number of interested Brentwood participants is so limited as to preclude the fielding of teams within the age/gender group without a higher percentage of non-resident participants.
